

Deployment Date: 11/9/2018

Hot Fix: cp711_pjpcmpr_024.zip

PJ/CR/PJPCOMPR/Compute Revenue

[Deltek Defect Tracking Number:](#)

976913

[Issues Resolved:](#)

Description: When Update Prior Year History is run, it populates the **Allowable Units** in REV_PROJ_ID (which comes from PROJ_UNITS_PRICING) and also populates the **Actual Units** at the charging level project (which comes from UNITS_USAGE_LN_HS). However, when you tried to manually update the REV_PROJ_ID record, the following error message displayed: "The allowable units cannot exceed the actual units." You cannot populate the **Actual Units** column because this can overstate the **Actual Units**. You also cannot manually add a record in Manage Prior Year Unit Revenue without overstating the **Actual Units** in REV_PROJ_ID.

Customers Impacted: This defect affects Costpoint users.

Workaround Before Fix: None.

Additional Notes: None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

More Information:

If you have any questions, please contact Deltek support at <https://deltek.custhelp.com>.
