## Framework/Runtime/Server

[Deltek Defect Tracking Number:](#)

1089626

[Issues Resolved:](#)

**Description:** An issue occurred when document download from SharePoint in Office 365 throws an exception in SharePoint. This defect was identified for a single Costpoint customer using SharePoint in Office 365, and only for a limited number of document libraries. The problem is most likely caused by a bug in SharePoint. **Customers Impacted:** This defect affects Costpoint clients using SharePoint in Office 365. **Workaround Before Fix:** The solution is basically a workaround: use an alternate download method if the original one fails. This method selection process is internal to Costpoint and invisible to the end-user. **Additional Notes:** None.
