

Deltek Costpoint Hot Fix Readme

Release Date: March 27, 2019

Increase the Length of Skills Description Field

This Costpoint release increases the length of the **Skill Description** (SKILL_DESC) field in the Costpoint Skill (SKILL) table from 30 to **255** to match the size of corresponding field in Deltek Talent Management. This change is in preparation for a future enhancement that will allow you to transfer employee skills information from Costpoint to Deltek Talent Management.

You will now be able to enter a skills description of up to 255 characters in the Manage Skills Codes screen which is accessible in both **People » Employee » Employee Controls** and **Accounting » Accounts Payable » Vendor and Subcontractor Controls** menus. This update affects Costpoint People, Contract Management, Accounting, and Materials Management applications that reference the Costpoint Skills table.

Application Changes

To support the enhancement, this release applies the corresponding updates in the following screens:

Contract Management Domain

- **Manage Contract Management Employee Info (CTMEMPL)**
The application now displays up to **255** characters in **Skills Description** field on lookups and queries.
- **Manage Contract Management Vendor Info (CTMVEND)**
