## Overview

Welcome to Deltek Budgeting & Planning Version 6.0.9 Hot Fix 8 Release Notes. These release notes contain a summary of the software issues resolved.

## For Additional Information

### Customer Care Connect Site

The Deltek Customer Care Connect site is a support Web site for Deltek customers who purchase an Ongoing Support Plan (OSP).

The following are some of the many options that the Customer Care Connect site provides:

- Download the latest versions of your Deltek products
- Search Deltek's knowledge base
- Display or download product information, such as release notes, user guides, technical information, and white papers
- Submit a support case and check on its progress
- Transfer requested files to a Customer Care analyst
- Use Quick Chat to submit a question to a Customer Care analyst online
- Ask questions, exchange ideas, and share knowledge with other Deltek customers through the Deltek Connect Customer Forums
- Subscribe to Deltek communications about your products and services
- Receive alerts of new Deltek releases and hot fixes

For more information regarding Deltek Customer Care Connect, refer to the online help available from the Web site.

---

### Access Customer Care Connect

To access the Customer Care Connect site, complete the following steps:

1. Go to <http://support.deltek.com>.
2. Enter your Customer Care Connect **Username** and Password.
3. Click Log In.

If you forget your username or password, you can click the **Account Assistance** button on the login screen for help.

---

## Software Issues Resolved

**Released:** May 23, 2012

**Release Name:** 6.0.9 HF8

**Software Issues Resolved (3)**

### Data Import and Integration

#### Costpoint

**Deltek Defect Tracking Number:** 191930

**Description:** In the Project Status Report (PSR), the Award Fee under the Revenue section did not match the Award Fee values in Costpoint, the report was inconsistent with CP and reported incorrect data.

**Customers Impacted:** This defect affects all CP clients.

**Workaround Before Fix:** None.

**Additional Notes:** As of 6.0.9 HF8 release, Deltek Budgeting & Planning supports Time & Expense™ 9.0.

#### Files Updated

DeltekBudgetingAndPlanning609HotFix08\_3\_191930.sql

#### System File Dependencies

N/A

### Organization

#### Cost Analysis

**Deltek Defect Tracking Number:** 189144

**Description:** An error occurred when exporting all Cost Analysis reports in the Organization context (C.O.x.x) to Excel. The totals showed the formula instead of the amount.

**Customers Impacted:** This defect affects all clients.

**Workaround Before Fix:** None.

**Additional Notes:** As of 6.0.9 HF8 release, Deltek Budgeting & Planning supports Time & Expense™ 9.0.

**Files Updated**

eProMTWeb.dll

**System File Dependencies**

N/A

**Project****Budget Development****Deltek Defect Tracking  
Number:** 191933

**Description:** An error occurred when approving project budgets. When an existing vendor ID was the same as an employee ID, the vendor name was replaced with the employee name upon budget approval, causing the report to display incorrect information.

**Customers Impacted:** This defect affects all clients.

**Workaround Before Fix:** None.

**Additional Notes:** As of 6.0.9 HF8 release, Deltek Budgeting & Planning supports Time & Expense™ 9.0.

**Files Updated**

DeltekBudgetingAndPlanning609HotFix08\_3\_191933.sql

**System File Dependencies**

N/A

More information about this release is on the following page.

## Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <http://support.deltek.com> before you install the hot fix.

## To Download the HotFix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click **Run Deltek Software Manager**.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click **Download** at the bottom of the screen.

## To Install the HotFix:

1. You must have upgraded to 6.0.9 prior to installing this cumulative hotfix.
2. Run DeltekBudgetingAndPlanning609CumulativeHotFix08.exe on your Web server.
3. On the Welcome screen, click **Next**.
4. You will be prompted that your web services (IIS) will need to be reset. If that is okay, click **Yes**. If you click **No**, setup will terminate.
5. On the Database server screen, enter your database server where your DeltekBP database is hosted and a system administrator (sa) level username/password, or select **Windows Authentication** to use the credentials you are currently running.
6. On the Databases To Upgrade screen, select the database(s) that you want to upgrade.
7. On the Start Copying Files screen, select **Next** to start the installation. The hotfix will be applied. This could take up to 10 minutes.
8. On the update Complete screen, click **Finish**.
9. Manually run the refresh process via the Admin account (Super Admin) before using Deltek Budgeting and Planning.

## To Check to See if the HotFix is Installed:

1. From the Web server, go to Control Panel--Programs and the product name should reflect the update installed.
2. From the database server, check the **Version** field in the ePromt\_Config table.

## More Information:

If you have any questions, please contact Deltek support at <https://support.deltek.com>
