Overview

Welcome to GovWin Capture Management Data Migration Mapping Guide. This guide provides the mapping of database tables and columns between GovWin Capture Management and Costpoint. The Migrate Capture Management Data (AOPCPDAT) screen in Costpoint uses this mapping when processing records from Capture Management. This includes mapping for the following types of data:

- Vendor
- Customer (client)
- Opportunity
- Contract (project)

Use this guide together with the Migrate Capture Management Data online help.

Note: Deltek's Technical Services team is available to support you as you plan for this data migration. We offer both technical and custom services, ensuring the best possible Deltek experience. Contact DGSCONSULTANTS-PES@Deltek.com.
