ACCOUNTING/ACCOUNTS RECEIVABLE/ARRCRREG/Print Cash Receipts Register

Deltek Defect Tracking Number:

522205

Issues Resolved:

Description: There were issues found on the labels in the table of contents (TOC). All labels were prefixed with the Fiscal Year where the report was generated and they were immediately followed by the sorting that was selected in the parameter. For example, the Fiscal Year was 2015.

1. If the report was sorted by Account and the account number was 01000-090, the label in the TOC was displayed as 201501000-010.
2. If the report was sorted by Receipt and the receipt number was 1, the label in the TOC was displayed as 20151.
3. When the report was generated by Receipt Date, the label was displayed as:

-   2015-10-01 00:00:00.0
-   2015-02-20 00:00:00.0

Customers Impacted: This defect affects you if you print the Cash Receipts Register.

Workaround Before Fix: None.

Additional Notes: There should have been a space or any symbol that can differentiate the fiscal year from the rest of the values on the label.
