Issues Resolved:

Description: If you selected the **Accrual to Balance Sheet Level of Home Org and Expense to Home Organization** option as the **Leave Posting Method** on the Configure Leave Settings screen, changes to an employee's home org on a level below the balance sheet level did not trigger leave transfers when you ran the process. This issue occurred because the accrual org did not change.

Customers Impacted: This defect affects Costpoint Leave users.

Workaround Before Fix: Activate the old home org/expense account combination.
