Deployment Date: 6/12/2015

Hot Fix: cp711_ppmqreq_003.zip

MATERIALS/PROCUREMENT PLANNING/PPMQREQ/Enter Quick Purchase Requisitions

Deltek Defect Tracking Number:

499536

Issues Resolved:

Description: When you loaded the template on the Manage Simple Purchase Requisitions screen, Costpoint did not populate the **Unit Cost** field with the default value. However, the **Unit Cost** default value was loaded correctly when you created the requisition on the Manage Purchase Requisitions screen.

Customers Impacted: This affects Costpoint 7.1.1 users who use the Procurement Planning module.

Workaround Before Fix: Enter the **Unit Cost** manually. Alternatively, if the **Allow Item/Misc Type Changes** check box is selected on the Manage Purchase Requisition Types screen for that requisition type template, change the **Item ID** to a different value and **Save**. Then, open the Manage Simple Purchase Requisitions screen and re-enter the item.

Additional Notes: None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.

4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
