cp711_sys_051.zip

Framework

Deltek Defect Tracking Number:

1061205

Issues Resolved:

Description: You could not add multiple employees at a time to a resource group in the **Manage Resource Groups** screen in Time and Expense.

Customers Impacted: This issue affected Costpoint 7.1.1 Time and Expense users.

Workaround Before Fix: The workaround is to add each employee, one at a time.

Additional Notes: None.

Files Updated:

cp711_sys_051.zip

Framework

Deltek Defect Tracking Number:

1069300

Issues Resolved:

Description: My Menu did not display when you clicked the icon in the Classic Version of Costpoint.

Customers Impacted: This defect affected customers who use the Classic Version of Costpoint 7.1.1.

Workaround Before Fix: Open the New Version of Costpoint and then click My Menu.

Additional Notes: None.

Files Updated:

cp711_sys_051.zip

Framework

Deltek Defect Tracking Number:

1074666

Issues Resolved:

Description: Previously, when you copied a sales order line in the **Manage Sales Order** (OEMNTSO1) application, the new sales order line's number did not automatically increment by 1.

Customers Impacted: This defect affected 7.1.1 users only.

Workaround Before Fix: Correct the line number before clicking Copy again.

Additional Notes: None.

Files Updated:

cp711_sys_051.zip

Framework

Deltek Defect Tracking Number:

1076476

Issues Resolved:

Description: A critical error occurred in the **Finance Manager Dashboard** (DBDFM) application when an account name used in the dashpart had a line break.

Customers Impacted: This defect affected Costpoint 7.1.1 Dashboard users.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated:

cp711_sys_051.zip

Framework

Deltek Defect Tracking Number:

1078671

Issues Resolved:

Description: A RequestBroker is busy system error occurred when you selected a month in the calendar of the Month/Year field, and then clicked Execute on the Global Toolbar.
Customers Impacted: This defect affects Time and Expense 10 users.

Workaround Before Fix: Select the month and date in the Month/Year field calendar to assign the date, before you click Execute on the

Global Toolbar.
Additional Notes: None.

Files Updated:

cp711_sys_051.zip

Framework/Runtime/Server

Deltek Defect Tracking Number:

1064828

Issues Resolved:

Description: Platform/API support is added to Costpoint to enhance Charge Lookup performance.

Customers Impacted: This enhancement affects all Costpoint 7.1.1 users.

Workaround Before Fix: None.

Additional Notes: PATCH3608 is required.

Files Updated:

cp711_sys_051.zip

System File Dependencies:

cp711_patch3608_001.zip

Framework/Runtime/Server

Deltek Defect Tracking Number:

1069141

Issues Resolved:

Description: When data in the Manage Project User Flow (PJMBASIC) application was updated using web services, the Project Manager Name was removed. If the Employee ID remained the same, the Project Manager Name was blanked out.

Customers Impacted: This defect affected Costpoint 7.1.1 users.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated:

cp711_sys_051.zip

Framework/Runtime/Server

Deltek Defect Tracking Number:

1073593

Issues Resolved:

Description: Job Server schedulers did not restart when Costpoint (Weblogic server) was restarted and the Weblogic cache was cleared.

Customers Impacted: This issue affected all Costpoint 7.1.1 users.

Workaround Before Fix: Enter the setting in the enterprise.properties configuration file: **menuOnlyApps=true**

Additional Notes: None.

Files Updated:

cp711_sys_051.zip

Framework/Runtime/Server

Deltek Defect Tracking Number:

1073625

Issues Resolved:

Description: The FINISHED time in the approval flow structure did not match the **Completion Time** in the History of Approval tab in the Approve dialog box or the View Approval Cases subtask in the Approval Workflow Model (WFMAPPRL) application.

Customers Impacted: This issue affected Costpoint 7.1.1 users.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated:

cp711_sys_051.zip

Framework/Runtime/Server

Deltek Defect Tracking Number:

1080663

Issues Resolved:

Description: Previously, the Purchase Requisition approval emails accessed on IOS devices did not display the URL to log in to Costpoint. To address this, the Purchase Requisition approval workflow has been updated to send HTML formatted emails.

Customers Impacted: This issue affected all Costpoint 7.1.1 users.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated:

cp711_sys_051.zip

MATERIALS/MATERIALS ESTIMATING/MEPPBOM/Copy Proposal BOM

Deltek Defect Tracking Number:

1073239

Issues Resolved:

Description: A system error was displayed when you changed the **Part Lookup Type** from **All** to **Provisional**, and then you clicked the lookup in the **Part** field of the To Assembly group box.
Customers Impacted: This defect affects you if you use Copy Proposal Bills of Material in Costpoint.
Workaround Before Fix: None.
Additional Notes: None.

Files Updated:

cp711_sys_051.zip

OTHERS/WORKFLOW/WFMAPPRL/Approval Workflow Models

Deltek Defect Tracking Number:

1082989

Issues Resolved:

Description: If an approval role had multiple users assigned, each user received a step completion email when an approver approved the step, including the user that approved. Costpoint is updated to not send the step completion email to the approver because they already know that the step is completed.
Customers Impacted: This defect affected Approval Workflow users in Costpoint 7.1.1.

Workaround Before Fix: None.

Additional Notes: None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

More Information:

If you have any questions, please contact Deltek support at https://deltek.custhelp.com.
