## **ACCOUNTING/ACCOUNTS PAYABLE/APRCK/Print\_Void Checks**

Deltek Defect Tracking Number:

1103889

Issues Resolved:

**Description:** You could not void a manual check because the PAY\_ADDR\_DC (Payment Address) value was null. Changes made to Print/Void Checks application for EFT Email functionality requires the address.

**Customers Impacted:** This defect affects you if you use Print/Void Checks in Costpoint.

**Workaround Before Fix:** Update the PAY\_ADDR\_DC value on VEND\_CHK table. Ensure that you update only one row, as there may be more checks with the same check number, cash account, and cash org.

**Additional Notes:** None.
