**Deltek Defect Tracking Number:**

1105892

**Issues Resolved:**

**Description:** If the **Deduction/Contribution Timing** option was **Deduct based on premium as of the check date**, the application did not use the specified biweekly and weekly deduction calculation methods. If the **Weekly Deduction Calculation Method** was **48**, or the **Biweekly Deduction Calculation Method** is **24**, the application used the actual number of checks in the year rather than the override value.

**Customers Impacted:** This defect affects Costpoint Payroll users.
