

Deployment Date: 10/2/2017

Hot Fix: cp711_aoputlpo_020.zip

OTHERS/PRODUCT INTERFACES/AOPUTLPO/PO Preprocessor

[Deltek Defect Tracking Number:](#)

802380

[Issues Resolved:](#)

Description: When you processed an input file with blanket release purchase order (PO), and the PO header was set to 1 while PO line release numbers were set to 0 instead of 1, you encountered a system error.

Customers Impacted: This defect affects Costpoint users.

Workaround Before Fix: None.

Additional Notes: None.

OTHERS/PRODUCT INTERFACES/AOPUTLPO/PO Preprocessor

[Deltek Defect Tracking Number:](#)

818762

[Issues Resolved:](#)

Description: On the PO line resources (LR) line type, when you left optional fields blank (null) and you processed the input file, you encountered an error in Costpoint.

Customers Impacted: This defect affects Costpoint users.

Workaround Before Fix: None.

Additional Notes: None.

[System File Dependencies:](#)

cp711_sys_023.zip

OTHERS/PRODUCT INTERFACES/AOPUTLPO/PO Preprocessor

[Deltek Defect Tracking Number:](#)

818775

[Issues Resolved:](#)

Description: When you uploaded a preprocessor template on Import Purchase Orders (AOPUTLPO) screen with a resource line number greater than five (5) digits, you were able to save the record. However, when you tried to query the saved record on the Manage Purchase Orders (POMMAIN) screen, you encountered a system error.

Customers Impacted: This defect affects Costpoint users.

Workaround Before Fix: None.

Additional Notes: The preprocessor screen should only allow up to five (5) digits of resource line number, and when greater than five digits, an error message should show.

[System File Dependencies:](#)

cp711_sys_023.zip

OTHERS/PRODUCT INTERFACES/AOPUTLPO/PO Preprocessor

[Deltek Defect Tracking Number:](#)

837095

Issues Resolved:

Description: The validation logic of the application has been modified to allow use of up to five (5) digits of purchase order (PO) release number (for delimited files). The five-digit expansion of allowable PO release number is up to 99999 for Oracle database users and 32767 for MSS database users.

Customers Impacted: This change affects Costpoint users.

Workaround Before Fix: None.

Additional Notes: If your company uses PO release number with more than three (3) digits, you need to deploy similar feature changes of other applications.

cp711_aoputlpo_020.zip

System File Dependencies:

cp711_sys_023.zip

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

More Information:

If you have any questions, please contact Deltek support at <https://deltek.custhelp.com>.
