Overview

Welcome to Deltek Touch Time & Expense for GovCon Release Notes.

- Pre-Installation Information
- Enhancements

The official name of the application is *Deltek Touch Time & Expense for GovCon*. This document only uses it at first mention. The succeeding instances of the application name display *Touch Time & Expense*.

In addition, the application name in the Google Play Store and the Apple App Store displays *GovCon Time & Expense*.

Pre-Installation Information

Before you begin the installation of Deltek Touch Time & Expense for GovCon, it is important to understand the information discussed in this section.

Technical Considerations

The following requirements must be met to run Touch Time & Expense:

- Touch Time & Expense supports mobile devices that run on the following operating systems:
 - Apple iOS 6.1 and higher
 - Android 4.x and higher
- Touch Time & Expense works with Deltek Time and Expense 9.0.1 and Hot Fix Bundle #8 or higher.
- Touch Time & Expense supports communication with the Time and Expense server via HTTP or HTTPS. Deltek recommends that you use HTTPS protocol in your production deployment. HTTPS encrypts the data in transit.

If you are going to access Touch Time & Expense from the Internet, open a port in your firewall to access the Touch Time & Expense virtual directory, which will be installed on the IIS server.

- You must install Touch Time & Expense on an IIS Web server that is installed on Windows 2008, Windows Server 2008 R2, or Windows Server 2012.
- When using Secure Sockets Layer (SSL), you must have a certificate issued by a trusted certificate authority. You must not use self-signed certificates. Wild card certificates are acceptable if they come from a trusted certificate authority.
- Touch Time & Expense supports mobile applications downloaded from the Apple App Store. You may be able to use the device native browser to enter your organization's Touch Time & Expense URL. The default URL can be changed to something else by the administrator. The Touch Time & Expense URL has the format <https://<server>/deltektouch/govcon/time>, where <server> refers to the host name of your Touch server.

Compatibility Mode Definitions

Compatibility Mode	Description
Fully Compatible	<p>You must be in Touch application 1.2.3 and Touch Server 1.2.6. All features and functions in the application are available to you.</p> <hr/> <div style="display: flex; align-items: center;"> <p>Deltek strongly suggests that you install the latest version of each component (Touch Time application, Touch server, and API.)</p> </div>
Partially Compatible	<p>At least one of the components (Touch server and/or API) is an older version. Some features of the application are disabled or hidden and not available to you.</p>

Compatibility Mode	Description
Browser Compatible	At least one of the components (Touch server and/or API) is an older version. The current application does not work with the Touch server or API, but you can still use the application through the mobile browser.
Incompatible	There are some combinations of API and Touch server that make it impossible to even use the browser version to run the application.

For Additional Information

Customer Care Connect Site

The Deltek Customer Care Connect site is a support Web site for Deltek customers who purchase an Ongoing Support Plan (OSP).

The following are some of the many options that the Customer Care Connect site provides:

- Download the latest versions of your Deltek products
- Search Deltek's knowledge base
- Display or download product information, such as release notes, user guides, technical information, and white papers
- Submit a support case and check on its progress
- Transfer requested files to a Customer Care analyst
- Use Quick Chat to submit a question to a Customer Care analyst online
- Ask questions, exchange ideas, and share knowledge with other Deltek customers through the Deltek Connect Customer Forums
- Subscribe to Deltek communications about your products and services
- Receive alerts of new Deltek releases and hot fixes

For more information regarding Deltek Customer Care Connect, refer to the online help available from the Web site.

Access Customer Care Connect

To access the Customer Care Connect site, complete the following steps:

1. Go to <http://support.deltek.com>.
2. Enter your Customer Care Connect **Username** and **Password**.
3. Click **Log In**.

If you forget your username or password, you can click the **Account Assistance** button on the login screen for help.

Available Documentation for this Release

The following table lists the Deltek documentation available for this release. Except where noted, all the user guides and quick reference guides listed in this table are available for download from the Deltek Customer Care Connect site.

Document Name	Description
<i>Deltek Touch Time & Expense for GovCon Technical Installation Guide</i>	This document provides instructions for the installation and configuration of the application.
<i>Deltek Touch Time & Expense for GovCon User Guide</i>	This document contains detailed information and instructions on how to use various features of the application.

Enhancements

This section includes summaries of the enhancements made to existing features in this release.

There are no new major features in this release.

PHP Upgrade

This release upgrades Touch Server to PHP 5.6.8, which includes security and bug fixes. Details of the bug fixes can be found here: <http://www.php.net/ChangeLog-5.php#5.6.8>.
