Deltek Costpoint HotFix Readme

Released: June 23, 2017

SUTA Electronic Filing

This release includes SUTA electronic filing updates for Florida and Nebraska.

Florida

The following are updates to Florida SUTA electronic filing:

- The XML file was updated based on the RT-6 (formerly UCT-6) and RT-8A (formerly UCT-8A) format.

- You can now to generate amended reports for Florida SUTA electronic filing.

  > The Florida Department of Revenue will only accept amended XML returns starting **September 2017**. Prior to September 2017, only original files will be accepted.

- A new **Amended Reason (Florida)** drop-down list on Create Quarterly SUTA Tax File screen allows you to select a reason code if you are generating an amended file for Florida.

Nebraska

Beginning July 1, 2017, Nebraska will only accept files with 512-byte format and the state will no longer accept the previous 80-byte format. Costpoint was updated to support the 512-byte file transfer format.

The following updates are included in the 512-byte file transfer specification which will be used beginning July 1, 2017:

- State Employer Account Number (RS 248-267) should be left aligned and filled with zeros.
- Hours Paid shall be reported in RS record, position 338-341.
- Employee Job Title shall be reported in RS record, position 342-466.

Application JAR Requirements

The following table shows the required application JAR version for each screen affected by this update:

Domain	Module	Application ID	Application Name	Application File
PE	Payroll	PRPSMM	Create Quarterly SUTA Tax File	cp711_prpsmm_014.zip

More information about this release is on the following page.

Custom Programs Affected:

Sometimes an update can cause custom programs and reports to stop working as expected. Before applying this update, consider whether you have any custom programs or reports in the application area affected by the update. If so, contact Deltek Customer Care at http://support.deltek.com before you install the update.

To Download the HotFix Update:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click **Run Deltek Software Manager**.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hot Fixes folder for your product, and select the update to download.
6. Click **Download** at the bottom of the screen.

To Install the HotFix Update:

Refer to the installation instructions posted on Deltek's Customer Care Connect site, https://deltek.custhelp.com.

- For Costpoint 7.1.1 updates, refer to Knowledge Base article 79232.

- For Costpoint 7.0.1 updates, refer to Knowledge Base article 73769.

- For Costpoint 7.0 updates, refer to Knowledge Base article 67722.

Before you install this update, please review all previous updates in the Knowledge Base article. You may need to install prerequisite programs or database patches (described in the Knowledge Base article) prior to installing this update. Note that when you download an update using Deltek Software Manager (DSM), all dependent files are automatically downloaded.

To Check to See if the HotFix is Installed:

1. Open the application that was updated.

2. Click **Help » About Costpoint** from the Costpoint toolbar. This will display a screen that shows you the latest update JAR for the application that is open, as well as the latest system JAR and all patches applied to the system.

More Information:

If you have any questions, please contact Deltek Customer Care at https://support.deltek.com.
