CG/CN/CTMCNTR/Manage Contracts

[Deltek Defect Tracking Number:](#)

1006694

[Issues Resolved:](#)

Description: When users tried to save records in Manage Contracts using the **Save & Continue** function, a performance issue occurred due to the way that the application retrieves financial information. Several screens have been updated, and a new application has been created to resolve this issue. For Manage Contracts, these are the changes made on the General tab:

- The Financial Information group box has been removed from this screen.
- The following fields, previously in the Financial Information group box, are now in the Contact Info group box:
 - Anticipated Contract Value field
 - Contract is at Risk check box
 - Alert Sent check box
- A new field, View Financial Information, has been added to the Contact Info group box. This non-editable field displays the contract ID as a hyperlink that you can click to open the View Contract Financial Information screen and see the contract's financial information.
- If the Use Accounting Period Below option is selected in Configure Contract Management Settings, the Projects Linked subtask in Manage Contracts now uses the fiscal year/period/subperiod specified in Configure Contract Management Settings in generating the Project Status Report, Project Labor Summary Report, and Project Non-Labor Detail Report.

Customers Impacted: This change affects users of Manage Contracts in Costpoint

Customers Impacted: This change affects users of Manage Contracts in Costpoint.

Workaround Before Fix: Use **Save** instead of **Save & Continue**.

Additional Notes: None.

CG/CN/CTMCNTR/Manage Contracts

Deltek Defect Tracking Number:

1013346

Issues Resolved:

Description: When you deleted a contract ID that has data on the Modifications tab and then created a new record using the same contract ID, the data for the deleted record was retained on the Modifications tab.

Customers Impacted: This defect affects MSS and Oracle users of Costpoint.

Workaround Before Fix: Click another tab or close the application, and query the new record again. This clears the values on the Modifications tab.

Additional Notes: None.

CG/CN/CTMCNTR/Manage Contracts

Deltek Defect Tracking Number:

1013371

Issues Resolved:

Description: Costpoint allowed you to save a record with a blank/null value in the **Contract Mod ID** field on the Contract/Project Modifications subtask.

Customers Impacted: This defect affects MSS and Oracle users of Costpoint.

Workaround Before Fix: Ensure that the **Contract Mod ID** field has a value before saving the record.

Additional Notes: None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.

6. Click Download at the bottom of the screen.

More Information:

If you have any questions, please contact Deltek support at <https://deltek.custhelp.com>.
