Deployment Date: 12/7/2017

Hot Fix: cp711_aopqtv_010.zip

OTHERS/PRODUCT INTERFACES/AOPQTV/Vendor Quote Preprocessor

Deltek Defect Tracking Number:

818888

Issues Resolved:

Description: When you uploaded a preprocessor template on Import Vendor Quotes (AOPQTV) screen with a resource line number greater than five (5) digits, you were able to save the record. However, when you tried to query the saved record via the UI, you encountered a system error.
Customers Impacted: This defect affects Costpoint users.
Workaround Before Fix: None.
Additional Notes: Only five (5) digits of resource line number should be allowed in the template and an error message should show if more than five digits are used.

OTHERS/PRODUCT INTERFACES/AOPQTV/Vendor Quote Preprocessor

Deltek Defect Tracking Number:

838165

Issues Resolved:

Description: When you processed an input file and you left the **Service ID** field blank but entered a description in the resource line for subcontractor agreement vendor quotes, you encountered a system error in Costpoint.
Customers Impacted: This defect affects Costpoint users.
Workaround Before Fix: None.
Additional Notes: None.

OTHERS/PRODUCT INTERFACES/AOPQTV/Vendor Quote Preprocessor

Deltek Defect Tracking Number:

846149

Issues Resolved:

Description: When you imported a **No Bid Quote**, the expiration date was set to the previous expiration date when it was processed instead of following the same value as the quote date.
Customers Impacted: This defect affects you if you use the Procurement Planning module of Costpoint.
Workaround Before Fix: Enter the correct value manually.
Additional Notes: None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
