Deltek Vision Cumulative Update Notes

Released: July 25, 2014

Release Name: Cumulative Update #026

Software Issues Resolved

Vision

Deltek Defect Tracking Number: 435523

Description: When you clicked the GovWin.com option on the GovWin Capture Management main toolbar, you received a "Page Not Found" error.

Customers Impacted: This defect applies to GovWin Capture Management 7.1.

Workaround Before Fix: Use your browser to access http://govwin.com.

Additional Notes: None.

Files Updated

Deltek.Vision.FrameUI.Client.dll

Other Applications Affected

System File Dependencies

API

Deltek Defect Tracking Number: 436551

Description: The Get*ByQuery calls failed when the "All" option was used for the last parameter. For example: GetProjectsByQuery.
Customers Impacted: This issue applies to Vision 7.1.

Workaround Before Fix: Use InfoCenterXML with the GetRecordsByQuery call.

Additional Notes: None.

Files Updated

Deltek.Vision.WebServiceAPI.Server.dll

Other Applications Affected

System File Dependencies

Human Resources

Payroll

Quarterly Processing

Deltek Defect Tracking Number: 436590

Description: The SUTA electronic filing for the state of Oregon incorrectly included carriage returns after each record.

Customers Impacted: This issue applies to Vision 7.1.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated

Deltek.Vision.QTRMagMedia.Server.dll

Other Applications Affected

System File Dependencies

Info Center

Projects

Deltek Defect Tracking Number: 434084

Description: When creating a project from a plan, the user-defined fields were set to empty string (blank) instead of null.

Customers Impacted: This issue applies to Vision 7.1.

Workaround Before Fix: Update the field with sample data, save, delete then save again.

For many records:

update

projectcustomtabfields set custuser = Null

where custuser = ''

Additional Notes: None.

Files Updated

Deltek.Vision.PlanProjOpp.Server.dll

Other Applications Affected

System File Dependencies

Deltek Defect Tracking Number: 435987

Description: When creating a project from a plan, the user-defined date field on the General tab of the Project Info Center defaulted to 1/1/1900 when a default date was not defined.

Customers Impacted: This defect applies to clients using Vision 7.2.

Workaround Before Fix: Delete the date.

Additional Notes: None.

Files Updated

Project Planning

Deltek Defect Tracking Number: 436135

Description: An error displayed when using the Create Project from Plan menu option on the 7.1 CU server.

Customers Impacted: This issue applies to Vision 7.1.

Workaround Before Fix: None.

Additional Notes: None.

Files Updated

Deltek.Vision.PlanProjOpp.Server.dll

Other Applications Affected

System File Dependencies

More information about this release is on the following page.

Custom Programs Affected:

Sometimes an update can cause custom programs and reports to stop working as expected. Before applying this update, consider whether you have any custom programs or reports in the application area affected by the update. If so, contact Deltek Customer Care at http://support.deltek.com before you install the update.

To Download the Cumulative Update:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click **Run Deltek Software Manager**.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Cumulative Updates folder for your product, and select the update to download.
6. Click **Download** at the bottom of the screen.

To Install the Cumulative Update:

Run the executable (.exe) file only on your application server, unless additional tiers are specifically noted in the defect descriptions above.

To Check to See if the Cumulative Update is Installed:

1. Click **Help > About** from the Vision toolbar.
2. Click the **Details** button on the **About Deltek Vision** dialog box.

More Information:

If you have any questions, please contact Deltek Customer Care at https://support.deltek.com.
