MATERIALS/INVENTORY/INQPINV

Deltek Defect Tracking Number:

549452

Issues Resolved:

Description: The Location subtask filtered by project on the main child table window (CTW) instead of showing all projects regardless of CTW row project selected.

Customers Impacted: This defect affects you if you use the Costpoint Inventory module.

Workaround Before Fix: Click the selected line, and then click the subtask.

Additional Notes: The Location subtask has been renamed to Part Locations.
