PJ/PJ/PJPMADD/Mass Add Project Info

Deltek Defect Tracking Number:

780408

Issues Resolved:

Description: An information message has been updated to include reference to the actual menu area. This information message now displays the following: "Since Modifications are being added using Mass Add, two functions in the Project Setup Utilities ('Update Project Contract and Funded Values' and 'Update Project Period of Performance') should be run for this new Project range. These utilities will update the Project tables with the Funding and Contract Values and the Period of Performance dates from the newly added modifications."

Customers Impacted: This change affects Oracle and MSS users of Costpoint.

Workaround Before Fix: None.

Additional Notes: None.
