MATERIALS/PRODUCTION CONTROL/PCMMOISS/Enter Manufacturing Order Issues

[Deltek Defect Tracking Number:](#)

478511

[Issues Resolved:](#)

Description: When you cloned an existing manufacturing order (MO) issue, Costpoint copied the **Material Direct Cost** of the original issue into the new issue record instead of automatically populating the field based on the **Average Actual Cost**.

Customers Impacted: This affects Costpoint users who need to compute the average actual cost of an item.

Workaround Before Fix: Clone the MO issue, then click the **Autoload** button.
