MATERIALS/INVENTORY/INPREORD/Print Inventory Reorder Report

Deltek Defect Tracking Number:

486917

Issues Resolved:

Description: Costpoint displayed the following error message when you used more than two characters in the **Part** or **Rev** fields: "The following field does not allow more than 2 characters: Starting Rev, Ending rev."

Customers Impacted: This affects Costpoint 7.1.1 users who use the Inventory module.

Workaround Before Fix: None.

Additional Notes: None.

MATERIALS/INVENTORY/INPREORD/Print Inventory Reorder Report

Deltek Defect Tracking Number:

490072

Issues Resolved:

Description: When you created requisitions using the Print Inventory Reorder Report application, Costpoint automatically assigned a value in the **Target Place Date** field on the Header tab of the Apply PO Info to Purchase Requisitions application and made the field uneditable.

Customers Impacted: This affects Costpoint 7.1.1 users who use the Inventory module.

Workaround Before Fix: Complete the following steps:

1. On the Print Inventory Reorder Report application, set the requisition **Status** to **Pending**.
2. Navigate to the Manage Purchase Requisition screen and run a Query for the requisition that you generated in Step 1.
3. Still on the Manage Purchase Requisition screen, edit the **Target Place Date** in both the Header tab and child transaction window (CTW) before sending the requisition for approval.

Additional Notes: None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
