

Deployment Date: 1/31/2018

Hot Fix: cp711_ctmvenda_002.zip

PJ/CTM/CTMVENDA/Approve Prospective Vendors

[Deltek Defect Tracking Number:](#)

874946

[Issues Resolved:](#)

Description: When you approved a prospective vendor on the Approve Prospective Vendors screen, Costpoint automatically set this vendor's approval code to **Approved** on the Approve Vendors screen even though the **Requires Approval** check box under **Vendor Approval** was selected on the Configure Accounts Payable Settings screen.

Customers Impacted: This defect affects users of the Contract Management module.

Workaround Before Fix: None.

Additional Notes: None.

PJ/CTM/CTMVENDA/Approve Prospective Vendors

[Deltek Defect Tracking Number:](#)

880600

[Issues Resolved:](#)

Description: When you edited a row and set **Approval Code** to **Pending** or **Not Approved**, Costpoint automatically assigned a vendor ID for the prospective vendor.

Customers Impacted: This defect affects users of the Contract Management module.

Workaround Before Fix: Delete the assigned vendor ID on the Manage Contract Management Vendor Info screen.

Additional Notes: Auto-assignment is not allowed for **Pending** and **Not Approved** records, but a vendor ID can be manually entered for them.

PJ/CTM/CTMVENDA/Approve Prospective Vendors

[Deltek Defect Tracking Number:](#)

880715

[Issues Resolved:](#)

Description: The **Vendor ID** field has been renamed to **Future Vendor ID**. This field is now also required before you can approve a prospective vendor if the auto-assignment of vendor IDs is not enabled on the Configure Vendor Settings screen. If this functionality is enabled, you can leave the field blank and Costpoint automatically assigns an ID to the prospective vendor once approved.

Customers Impacted: This enhancement affects users of the Contract Management module.

Workaround Before Fix: None.

Additional Notes: None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

More Information:

If you have any questions, please contact Deltek support at <https://deltek.custhelp.com>.
