PEOPLE/LEAVE/LDPCLHF/Compute Leave Accruals

Deltek Defect Tracking Number:

503199

Issues Resolved:

Description: The application was updated to allow you to indicate the method to be used when excluding inactive and/or terminated employees from the processing.

Customers Impacted: This defect affects Costpoint 7.1.1 Leave users.

Workaround Before Fix: Delete leave accrual from Leave edit table for all termed employees each time leave is accrued.

Additional Notes: A new group box, **Terminated Employee Exclusion Method**, was added to the screen for this issue. The group box contains the following options:

- Exclude employees terminated prior to the open leave period (regardless of Status)
- Exclude employees terminated prior to or within the open leave period (regardless of Status)
- Exclude employees with status of 'Inactive' and terminated prior to the open leave period
- Exclude employees with status of 'Inactive' and terminated prior to or within the open leave period
- Exclude employees with status of 'Inactive' (regardless of Termination Date)
