Pre-Installation Information

- FieldEase will be automatically updated.
- ExpenseEase will automatically update if your mobile device is set to receive automatic app updates. Otherwise, you will need to download the update from the appropriate app store on your mobile device.

Overview

Welcome to the Deltek + ExpenseEase and FieldEase 22.1 release notes. These release notes contain a summary of the changes and enhancements made to the software.

ExpenseEase

- Added the ability to recreate rejected expenses to resubmit for approval
- Added the ability to swipe to submit or delete an expense
- Added the ability to upload multiple receipts during initial expense creation
- Added Spanish language translation the app (defaults based on phone settings)
- Added authentication when creating credit expenses where the expense type is non-reimbursable

FieldEase

- Service codes and service group information completed for work orders will now be sent back to the ComputerEase Desktop for use in customized reports
- Corrected the issue where you could submit time even if you did not have permission
- Corrected the possible issue where if you pressed the **Save** button repeatedly, you could create multiple timesheets
- Corrected the possible issue where if you pressed the **Create** button repeatedly, you could create multiple field logs

Appendix A: For Additional Information

If you need assistance installing, implementing, or using Deltek + ComputerEase, Deltek makes a wealth of information and expertise readily available to you.
