

Deltek Costpoint HotFix Readme

Released: October 27, 2017

Add GovWin IQ Login ID on Employee Records

Costpoint now provides the ability to add GovWin IQ login IDs to Costpoint Employee records. This will allow you to link Costpoint Employees to the GovWin IQ users in Costpoint Contract Management. To implement this functionality, a new **GovWin IQ ID** field is now available on Product Interface tab of the Manage Employee Information screen which you could use to enter the employee's GovWin IQ login ID.

Costpoint Contract Management is a feature that will be released in a future date.

Patch Requirements

These enhancement requires Costpoint 7.1.1 PATCH3279.

Application JAR Requirements

The following table shows the required application JAR version for each screen affected by this update:

| Domain | Module | Application ID | Application Name | Application File |
|--------|----------|----------------|-----------------------------|------------------------|
| People | Employee | LDMEINFO | Manage Employee Information | cp711_ldmeinfo_020.zip |
| People | Payroll | PRQEINFO | View Employee Information | cp711_prqeinfo_004.zip |

More information about this release is on the following page.

Custom Programs Affected:

Sometimes an update can cause custom programs and reports to stop working as expected. Before applying this update, consider whether you have any custom programs or reports in the application area affected by the update. If so, contact Deltek Support Center at <https://deltek.custhelp.com> before you install the update.

To Download the HotFix Update:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click **Run Deltek Software Manager**.
3. Log in using your Deltek Support Center credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hot Fixes folder for your product, and select the update to download.
6. Click **Download** at the bottom of the screen.

To Install the HotFix Update:

Refer to the installation instructions posted on the Deltek Support Center site, <https://deltek.custhelp.com>.

- For Costpoint 7.1.1 updates, refer to Knowledge Base article 79232.
- For Costpoint 7.0.1 updates, refer to Knowledge Base article 73769.
- For Costpoint 7.0 updates, refer to Knowledge Base article 67722.

Before you install this update, please review all previous updates in the Knowledge Base article. You may need to install prerequisite programs or database patches (described in the Knowledge Base article) prior to installing this update. Note that when you download an update using Deltek Software Manager (DSM), all dependent files are automatically downloaded.

To Check to See if the HotFix is Installed:

1. Open the application that was updated.
2. Click **Help » About Costpoint** from the Costpoint toolbar. This will display a screen that shows you the latest update JAR for the application that is open, as well as the latest system JAR and all patches applied to the system.

To Check to See if the Feature is Installed:

1. Click **Help » About Costpoint** from the Costpoint toolbar.
2. Open the Features subtask and click the Feature that was just installed.
3. Open the Applications subtask. Check the list of applications and their corresponding application jars and see if they are correct and have been successfully deployed (highlighted in green).

4. Open the Patches subtask. Check the list of patches and see if they are correct and have been successfully deployed (highlighted in green).
