Overview

The Deltek Touch for Maconomy application is the best way for on-the-go Deltek Maconomy users to not only submit and track time, expenses, and mileage, but also approve time, expenses, vendor invoices, purchase orders, and even draft client invoices. It gives you access to several dialog boxes related to Time Registration and Expenses (both Expense and Mileage) in Maconomy. Even when you are away from the office, immediate mobile device access means Deltek Touch keeps you informed and in control.

Attention: Not all functionality is available in all Maconomy versions and in MScript and REST Web services. For more information, see the *Deltek Touch for Maconomy MScript and REST Web Services Comparison Guide*.

This document contains detailed information and instructions on how to use various features of the application.

Note: The official name of the application is *Deltek Touch for Maconomy*. This document only uses it at first mention. The succeeding instances of the application name display *Deltek Touch*. In addition, the application name in *Apple App Store* displays *Deltek Touch for Maconomy*.

Mobile Device Requirement

Deltek Touch for Maconomy supports mobile devices that run on Apple iOS 11.0 and higher.

Getting Started

Your Deltek Touch administrator sends you an email message containing either the Server URL (which you can copy-paste during login) or a special link, which directs you to the appropriate app store (if Deltek Touch is not yet installed) or automatically populates the **Server URL** field with the corresponding URL of your company (if Deltek Touch is already installed).

Install Deltek Touch

If Deltek Touch is not yet installed, clicking the link in the email takes you to the appropriate app store to download the application.

1. On the *Apple App Store*, search for the application (*Deltek Touch for Maconomy*).
2. Download and install the application by tapping the appropriate buttons.
3. Tap the installed application, and follow the screen prompts to accept the terms of agreement and usage tracking.

Log On to Deltek Touch

Initial and succeeding logins differ slightly. For initial login, either you copy-paste the Server URL or click the special URL that automatically sets up the Server URL, depending on the email your Deltek Touch administrator sends. For succeeding logins, you only need to enter your security PIN or use biometrics.

1. Tap *Deltek Touch*.
2. On your first login, the application prompts you to accept Terms and Use of Service and Usage Statistics Tracking. Tap the corresponding buttons.

Note: Usage Statistics Tracking tracks the number of times you access the application and how often you use certain features. Touch does not track any personal or confidential data, such as user name, projects, and clients.

3. If the email only contains the Server URL, copy-paste it into the **Server URL** field. If the email contains the Server URL setup, then Deltek Touch populates the **Server URL** field automatically with the corresponding URL of your company.

Note: You administrator can change the default URL to something else.

- For IIS Web server, the default URL is usually <https://<server>/deltektouch/maconomy/time/>, where <server> refers to the host name of your Deltek Touch Server (usually your Maconomy server).
- For Apache Web server, the default URL is <https://<server>:<port>/deltektouch/maconomy/time/>, where <port> refers to the port number that the Maconomy server uses to listen for requests.

4. Tap **Connect**. If you are having any connection problem, tap **Cancel** to check and fix the link if necessary.
5. Tap the **Username** and **Password** fields to enter corresponding values. If you have several roles, use the login name that corresponds to a particular role.

Note: In newer Maconomy versions (2.3 or later), you can have multiple roles (for example, an employee in Company A and a project manager in Company B). These roles determine access to access levels, actions, groups, and workspaces. Each role is assigned a login name, which you now use to log on to Deltek Touch.

6. Tap **Login**.
7. Enter a security PIN, and re-enter it to confirm.

Note: Depending on your server setting, if you are allowed to use biometrics authentication, you can select between using PIN or biometrics. You can change the setting at any time on the **Settings** screen.

Biometrics Authentication

You can also log on to Touch using biometrics authentication, which identifies you using your unique body measurements or characteristics, such as your fingerprint. This functionality is controlled by a server setting, which, if enabled, allows you to enable or disable the biometric login on the **Settings** screen in Touch.

Note: The first time you launch Touch, you need to select between using PIN or biometrics. You can change the setting at any time on the **Settings** screen.

Security PIN

For initial login, Deltek allows you to create a security PIN. Instead of entering your user name and password on your next login, you need to enter your PIN.

- **Minimum PIN Length** – Your System Administrator sets the minimum allowed numbers (ranging from 4 through 12) in the configuration file. By default, it is set to **6**.
- **PIN Complexity** – When this feature is turned on, Deltek Touch does not allow you to use a repeating PIN (for example, 111111) or sequential PIN (for example, 123456).
- **Unique PIN History** – This feature prevents you from using the same PIN over and over. It allows technical consultants to set the maximum number of PIN reuse (maximum is 6, which means that your current PIN cannot be the same as your last six PINs).
- **PIN Expiration** – This feature determines the validity of your current PIN before Deltek Touch requires you to change it. It accepts 0 (meaning no expiration) to 90 days. By default, it is set to 90. If you change your password, uninstall Deltek Touch, tap Forget Me on this Device, or change user, the expiration resets.

Log On to Deltek Touch Using the Two-Factor Authentication (2FA) Method

If the 2FA authentication is enabled for Touch, logging on for the first time requires you to active the 2FA authentication method. You have the option to use a 2FA authentication application, such as Duo Mobile, or scan a QR code.

Note: Make sure you have the 2FA application required by your organization installed on your device.

1. Tap *Deltek Touch*.
2. On the login page, enter your user name and password, and tap **Log In**.
3. On the 2FA account setup page, take one of the following actions:
 - If you want to use a 2FA authenticator application, tap **Activate Two Factor Authentication**.
 - If you want to authenticate using another device, tap **Show QR Code**.
4. Depending on the option you select in step 3, take one of the following actions:
 - In the 2FA authenticator application, verify that your account has been added automatically.
 - On the QR Code page, scan the barcode image using your authenticator application to add your account.
5. Still in the 2FA authenticator application, generate a passcode and copy it.
6. On the 2FA account setup page, paste or enter the passcode, and tap **OK**.
7. Select the method you will use in signing on to Touch in the future. Tap either **Using your fingerprint** or **Use a PIN code**, and tap **Continue**.
8. Depending on the method you select in step 7, either add your fingerprint or set a PIN code.

Attention: For more information, see the [Biometric Authentication and Security PIN](#) sections in this document.

Enter a New 2FA PIN Code

If your 2FA PIN has expired (**Change Password**, **Change User**, **Forget me on this device**, or **Reset PIN**), you need to enter a new PIN code.

1. On the login page, enter your user name and password, and tap **Log In**.
2. Either use your 2FA authentication application to generate and copy a new PIN code or tap **Logging in from a new device? Click here** to receive a reset token via email.
3. Generate and copy a new PIN code either by tapping **Activate Two Factor Authentication** or **Show QR Code**.
4. Follow steps 4-8 of the previous procedure (*Log On to Deltek Touch Using the Two-Factor Authentication (2FA) Method*).

Log On to Touch Using the OneLogin Authentication

If your Touch application has been configured to use the OneLogin setup, the **OneLogin** toggle switch may or may not display on the Touch **Login** screen, depending on system settings.

Note: Make sure the **OneLogin** toggle switch is set to **ON**.

1. Tap *Deltek Touch*.
2. On the login page, enter your user name, and tap **Log In**.

3. On the OneLogin authentication screen, enter your password and tap **Continue**.
4. If the OneLogin credentials are valid and Maconomy authentication succeeds, you can continue with the Touch authentication setup. Select the method you will use in signing on to Touch in the future. Tap either **Using your fingerprint** or **Use a PIN code**, and tap **Continue**.

The next time you access Touch, you only need to use your PIN/biometrics.

Log Out of Deltek Touch

To log out of the application, take one of the following actions:

- Press the **Home** button of your device.
- Tap , and tap **Log Out**. If you choose to do this, Deltek Touch prompts you for your PIN or password on your next login regardless of the timeout period.
- Tap , and tap **Settings**. Tap **Log Out**.

Note: If you do not want the application to remember your credentials and favorites, tap **Forget Me on this Device**. Favorites are saved combinations of project, task, and activity, which enable you to have easy access to them when doing time registration.

Change User

1. Tap **Log Out**.
2. On the PIN screen, tap **Change User**.
3. The application prompts you to accept Terms and Use of Service and Usage Statistics Tracking. Tap the corresponding buttons.
4. On **Log In**, enter another user ID and password.
5. Tap **Log In**.

Reset PIN

1. Tap **Log Out**.
2. On a PIN screen, tap **Reset PIN**.
3. Enter a new four-digit PIN, and re-enter it to confirm.

Change Password

This task only applies to REST.

1. Tap **Log Out**.
2. On the PIN screen, tap **Change User**.
3. The application prompts you to accept Terms and Use of Service and Usage Statistics Tracking. Tap the corresponding buttons.
4. On the Login screen, enter your user name and tap **Change Password**.
5. On **Change Password**, enter your old and new passwords, and tap **Done**.

6. On the PIN screen, enter a four-digit PIN code.

Reset Password

This task only applies to REST.

1. Tap **Log Out**.
2. On the PIN screen, tap **Change User**.
3. The application prompts you to accept Terms and Use of Service and Usage Statistics Tracking. Tap the corresponding buttons.
4. On the Login screen, tap **Forgot Your Password**, and tap **Yes** to confirm.
5. Check your email for the token.
6. Enter the token in Deltek Touch, and tap **Done**.
7. On **Change Password**, enter your new passwords, and tap **Done**.

Relaunch Behavior

Using the packaged application from the App Store, the following scenarios occur:

- If you close Deltek Touch and open it again from the **Home** screen or task bar (press and hold the **Home** button and tap the open application from the task bar), it displays the last screen that you accessed. In this case, you do not need to enter your password or PIN.
- If your session has timed out, Deltek Touch prompts you to enter your password or PIN the next time a server call is made (meaning, the next time the application “talks” to Maconomy).

For the browser version, the following scenarios occur:

- If you close the browser and open it again, the page displays the last screen that you accessed.
- If you move to another Web site or close the browser page completely, and enter the URL again, Deltek Touch prompts you to enter your login credentials.

Timesheet Submission

When you open Deltek Touch, the default screen depends on the **Submit Mode** setting. Deltek Touch supports two types of timesheet submissions, **Daily** and **Weekly**.

- The **Daily** submit mode only allows you to submit single days at a time from the **Timesheet** screen. In this mode, Deltek Touch displays the **Calendar** screen instead of the **Weeks** screen when you tap . In addition, Deltek Touch does not include non-working days from the **Overdue** status in this mode.
- The **Weekly** submit mode allows you to submit the current week either from the **Timesheet** or **Summary** screen. In this mode, Deltek Touch displays the **Weeks** screen instead of the **Calendar** screen when you tap .

Note: The submit setting is defined in the DeltekTouch.I file and only displays (read-only) in the **Submit Mode** field on the **Settings** screen. The behavior of the **Submit** button depends on the set mode.

Timesheet Status

The status of a selected timesheet and time period displays on **Weeks** (below start and end dates), **Timesheet** (same line as the start and end dates), and **Calendar** (dates use a color coding scheme). It determines which processing options are available to you.

- **New** – Timesheets that have not yet been created.
- **In Progress** – Timesheets that are not due and have not yet been submitted.
- **Due** – Timesheets that are due but have not yet been submitted.
- **Submitted** – Timesheets that have been submitted but not yet approved.
- **Approved** – Timesheets that have been submitted and approved.
- **Transferred** – Timesheets that have not been approved, but have never the less been transferred.
- **Fully Approved** – *This status only applies to REST.* Timesheets that have been approved by all users who need to approve them.
- **Rejected** – Timesheets that have been submitted but rejected by an approver.

Favorites

Favorites are saved combinations of project, task, and activity, which enable you to have easy access to them when doing time registration. You can access your Maconomy Time Registration Favorites from Delttek Touch as well as create new favorites from within the application.

Map Feature

Touch can automatically display the calculated distance from Google Maps in the **Distance** field on the **Mileage Sheet Line** screen or **Quantity** field on the **Expense Sheet Line** screen.

The **Map** feature on the **Mileage Sheet Line** and **Expense Sheet Line** screens always open Google Maps in the browser (even if you have the Google Maps application installed). If you enter an imprecise or inexact address in the **From** and/or **To** fields on **Mileage Sheet Line** or **Expense Sheet Line**, the **Map** feature may not be able to display available routes between them. To make the automatic calculation work, Delttek recommends that you enter a valid or exact address in the **From** and/or **To** fields. In this case, the value in the **Distance** or **Quantity** field matches the shortest distance displayed in the map.

Screen Display

The Deltek Touch user interface has five major screens, which you can navigate easily from the sliding menu, which you can access by tapping . Depending on your settings, it opens either on **Weeks/Calendar** or **Timesheet**.

Timesheet

This menu allows you to access the **Timesheet** screens.

Timesheet

This screen lists all timesheet lines for a given period. If you want to change the period, tap . Tapping the icon, however, displays either the **Weeks** or **Calendar** screen, depending on your **Submit Mode** setting.

Weeks

*This screen becomes available when **Submit Mode** is set to **Weekly**.* This screen lists all timesheet periods and their corresponding status, which determines a processing option available to you.

Calendar

*This screen only becomes available when **Submit Mode** is set to **Daily**.* It replaces the **Weeks** screen and displays a calendar instead of the week list.

Summary

This menu allows you to access the **Summary** screen, which displays the summarized time registrations per day or project for a selected timesheet period.

Expense Sheet

This menu allows you to access all **Expense Registration** screens.

Expense Sheets

This screen displays the list of all expense sheets available for the logged in user. From this screen, you can access the **Expense Sheet** screen, which displays a specific expense sheet and its details.

Expense Sheet

This screen allows you to submit, reopen, duplicate, or delete the expense sheet, attach a receipt, or add a new expense sheet line by tapping . From this screen, you can access the **Expense Sheet Line** screen.

Expense Sheet Line

This screen displays a specific expense entry in the selected expense sheet. It allows you to view the details of the selected expense sheet line, add, duplicate or delete an expense sheet line, or attach a receipt by tapping .

Quick Capture

This screen allows you to either take a picture using your device's camera or select a picture from the archive or camera gallery and easily attach this to an expense sheet line.

Mileage Sheet

This screen allows you to report your mileage.

Mileage Sheets

This screen displays the list of mileage sheets belonging to you (as the logged in user). It allows you to view a mileage sheet by scrolling through the list and tapping the mileage sheet. From this screen, you can access the **Mileage Sheet** screen by tapping .

Mileage Sheet

This screen displays a specific mileage sheet and its details. It allows you to submit or duplicate the mileage sheet, or add a new mileage sheet line by tapping . From this screen, you can access the **Mileage Sheet Line** screen.

Mileage Sheet Line

This screen displays a specific mileage entry in the selected mileage sheet. It allows you to view the details of the selected mileage sheet line, add a mileage sheet line or attach a receipt by tapping . You can also select a currency by tapping the **Currency** field.

Purchase Order

This menu allows you to access all **Purchase Orders** screens.

Purchase Orders

This screen allows you to create and submit purchase orders.

Absence Requests

This menu allows you to access all **Absence Requests** screens.

Absence Requests

This screen allows you to create and follow up requests for absence.

Allowance Requests

This menu allows you to access all **Allowance Request** screens.

Allowance Requests

This screen allows you to create and follow up requests for allowance.

Approvals

This menu allows you to access all **Approval** screens.

Item for Approvals

This menu allows you to review and approve items for approval. It only displays when the **Approvals** toggle switch is set to **ON** on **Settings**.

Rejections

This menu allows you to access all **Rejections** screens.

Rejections

This menu is only available in REST. This menu allows you to review and edit rejected expense sheets and mileage sheets. It only displays when the **Rejections** toggle switch is set to **ON** on **Settings**.

Settings

This menu allows you to access the **Settings** screen, which helps you configure the Deltek Touch settings according to your preferences.

Help

This menu allows you to view the user guide for this application. You can also access **Help** from **Settings**.

Log Out

This menu allows you to log out of Deltek Touch.

Timesheet

To access various **Timesheet** screens, tap  and tap **Timesheet**.

View the Timesheet List

On **Weeks**, scroll through the list to view timesheet periods and their status. A check mark displays beside the selected period. You can tap a timesheet to enter your time on a project. Tapping the selected period displays the **Timesheet** screen.

Note: When you are in the **Daily** mode, however, Deltek Touch displays the **Calendar** screen instead of the **Weeks** screen.

View a Timesheet

The header of the **Timesheet** screen displays the current status and total hours of a timesheet period.

1. Tap , and tap **Timesheet**. Take one of the following actions:
 - Tap  to display **Weeks**, and tap a timesheet period. *This screen displays if **Submit Mode** is set to **Weekly**.*
 - On **Calendar**, tap a date. *This screen displays if **Submit Mode** is set to **Daily**.*
 - Tap **Today** (on **Calendar** or **Timesheet**) to display the timesheet containing the current date. Today's date is highlighted.
2. On **Timesheet**, you can perform any of the following tasks:
 - Switch between different days of a timesheet period by tapping a date in the calendar carousel to switch to that date (for example, if you are on Mon 1, tapping Thu 4 moves the calendar to Thu 4).

Tap  or  in the calendar carousel to go back to the previous period or move to the next (for example, if you are on Mon 13 – Sun 19, tapping the next button moves the period to Mon 20 – Sun 26).

The selected day is highlighted.

Note: If you tap **Timesheet** and a timesheet has not yet been selected, the timesheet with today's date displays.

Search for a Project

Deltek Touch allows you to search for a project by tapping  next to a search field. On the **Find Project** screen, Deltek Touch returns all projects to which you have access, but it only displays 30 projects at a time. To see the next 30 projects, tap **More**.

Note: Depending on the configuration setting, the **Find Job** screen may display either both the **All** and **Favorite** tabs or only the **Favorite** tab.

1. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
2. On **Timesheet**, tap .
3. On **Find Projects**, filter projects by tapping **All** or **Favorites**, or by entering a name, number, or client in the search field. Deltek Touch first searches through your recently used projects. Only those projects to which you have been assigned on the Employee Control feature in Maconomy core are available.
 - If the project you are searching for is in the list, tap it.
 - If the project is not in the list, tap **Continue Search on Server** to search all of Maconomy.
 - If this project has tasks, you need to select the task.

Editing a Timesheet

Deltek Touch allows you to enter timesheet data, add or delete a timesheet line, copy a timesheet list, delete a timesheet line, create or delete a favorite, select an activity or a task, and reopen a timesheet.

Note:

- On **Timesheet**, you can go to the previous or next period by tapping  or  at either end of the calendar carousel. For example, if you are on Mon 13 – Sun 19, tapping  moves the period to Mon 20 – Sun 26.
- If a timesheet line is marked as **Absence Management**, it displays as read-only. You cannot delete or copy it.
- The hour on lines marked as **Absence Management** may be editable in Deltek Touch based on the **Allow Editing of Absence Timesheet Line** setting in Maconomy core. You can only access the **Timesheet Line** or **Log Entry** screen when **Allow Editing of Absence Timesheet Line** is set to **ON**.

Enter Time on Timesheet (Quick Entry)

Quick entry is efficient if you enter time on the same timesheet line each day (under the assumption that you have already created that timesheet line with the **Keep on Timesheet** set to **ON**.)

1. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
2. On **Timesheet**, tap your desired date in the calendar carousel. You can also select a date from another period by tapping  or  in the calendar carousel.

3. Tap the hour field of a selected line.
4. Scroll through the time picker, and tap a value.
5. Tap **Done**.

Enter Time on Timesheet Line (Detailed Entry)

1. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
2. On **Timesheet**, tap your desired date in the calendar carousel. You can also select a date from another period by tapping  or  in the calendar carousel.
3. Tap anywhere in a timesheet line except the hour field.
4. On **Timesheet Line**, tap the field that you want to update, and enter or tap the appropriate values.
5. Tap **Done**.

Add a Timesheet Line

4. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
5. On **Timesheet**, tap your desired date in the calendar carousel. You can also select a date from another period by tapping  or  in the calendar carousel.
6. Tap .
7. On **Find Project**, search for and tap your project. You can tap **All** or **Favorites**, or enter a name, number, or client in the search field to filter search results.
8. Depending on your configuration, most details of the line display by default for you. Make any changes to this line as appropriate, including adding hours.
9. Tap **Done**.

Note: For both REST and MScript, Dettek Touch displays either the **Favorites** tab only or both the **All** and **Favorites** tabs, depending on your configuration. For REST only, the **Purchase Order Number** and **Purchase Order Line** fields only display if you are a subcontractor.

Copy a Timesheet Line

This task only applies to MScript.

1. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
2. On **Timesheet**, tap your desired date in the calendar carousel. You can also select a date from another period by tapping  or  in the calendar carousel.
3. Scroll through the list, and take one of the following actions:
 - Touch and hold the line until **Copy Line** displays, and tap it.
 - Tap the timesheet line to display the **Timesheet Line** screen, and tap **Copy Timesheet Line**.

Delete a Timesheet Line

1. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
2. On **Timesheet**, tap your desired date in the calendar carousel. You can also select a date from another period by tapping  or  in the calendar carousel.
3. Scroll through the list, and take one of the following actions:
 - Swipe across the selected line in either direction (left-to-right or right-to-left), and tap **Delete**.
 - Tap the line to display the **Timesheet Line** screen, and tap **Remove from Timesheet**.

Note: If there is no time logged for this project on any other day in this timesheet, you can tap **Delete Entire Line** or **Delete Time on this Day Only**.

Select a Task for a Line

The **Task** field only displays when a project has a task list.

1. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
2. On **Timesheet**, tap your desired date in the calendar carousel. You can also select a date from another period by tapping  or  in the calendar carousel.
3. Tap a project.
4. Tap the **Task** field.
5. Scroll through the list or enter a keyword in the search field.
6. Tap a task.

Note: When displaying a timesheet line for a project, Deltek Touch checks if the project has been set up to use both task and activity, only use activities, or an activity is derived from the selected task (that is, if tasks are used and you select a task).

Select an Activity for a Line

The **Activity** field only becomes read-only when you are creating a new timesheet line and a selected task derives an activity with the **Overwrite Activity** marked.

1. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
2. On **Timesheet**, tap your desired date in the calendar carousel. You can also select a date from another period by tapping  or  in the calendar carousel.
3. Tap a project.
4. Tap the **Activity** field.
5. Scroll through the list or enter a keyword in the search field.
6. Tap an activity.

Note: If the activity is visible and read-only, Deltek Touch displays the derived activity by default.

Create a Favorite

When you create a favorite from a timesheet line, Deltek Touch can also copy the remark from the timesheet line to the favorite, depending on the setting in the Deltek Touch setup file (DeltekTouch.I).

1. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
2. On **Timesheet**, tap your desired date in the calendar carousel. You can also select a date from another period by tapping  or  in the calendar carousel.
3. Tap .
4. Make sure **Find Project** displays **All**.
5. Scroll through the list or enter a name, number, or client in the search field. If the project is not included in the list, tap **Continue Search on Server** to search all of Maconomy.
6. Tap a project. You can also select a task/activity combination, which Deltek Touch saves as part of **Favorites**.
7. In **Create Favorite**, toggle the switch to **ON**.
8. Tap **Done**.
9. On the **Create Favorite** popup window, you can accept or change the default favorite name, and tap **OK**.

Delete a Favorite

1. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
2. On **Timesheet**, tap your desired date in the calendar carousel. You can also select a date from another period by tapping  or  in the calendar carousel.
3. Tap .
4. Tap **Favorites**.
5. Scroll through the list or enter name, number, or client in the search field.
6. Tap a project.
7. Tap **Delete Favorite**, and tap **Yes** to confirm.

Add a Daily Description

1. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
2. On **Timesheet**, tap your desired date in the calendar carousel. You can also select a date from another period by tapping  or  in the calendar carousel.
3. Scroll through the list, and tap a timesheet line.
4. Tap the **Daily Description** field.

5. Enter your comments, and tap **Done** to save.

Delete a Daily Description

1. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
2. On **Timesheet**, tap your desired date in the calendar carousel. You can also select a date from another period by tapping  or  in the calendar carousel.
3. Scroll through the list, and tap a timesheet line.
4. Tap the **Daily Description** field.
5. In the **Comments** field, tap .
6. Tap **Done**.

Reopen a Timesheet

You can only reopen timesheets to which you have access rights.

1. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
2. On **Timesheet**, tap your desired date in the calendar carousel. You can also select a date from another period by tapping  or  in the calendar carousel.
3. Tap **Reopen**, and tap **Reopen** to confirm. The **Submitted** status returns to its previous status before you submitted it (for example, **In Progress**).
4. Update the timesheet, and tap **Submit**.

Note: If you are in the **Weekly** submit mode, you can also reopen the timesheet on the **Summary** screen.

Submit a Timesheet

Before you submit a timesheet, make sure that each timesheet line has a project number, task, activity, daily description, and minimum required hours.

1. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
2. On **Timesheet**, tap your desired date in the calendar carousel. You can also select a date from another period by tapping  or  in the calendar carousel, or tapping .
3. Make sure that you have entered your time for this period either on **Timesheet** or **Summary** screen. For **Daily** submit mode, you can only submit single days at a time from the **Timesheet** screen.
4. Tap **Submit**, and tap **Submit** to confirm.

Note:

- If there is any error, a notification screen displays. You need to tap the back button to return to the timesheet, and correct it before submitting.
- If you have rights to reopen the timesheet, the **Submitted** status becomes **Reopen** after submission. Otherwise, submitted timesheets are read-only.

Review a Rejected Timesheet or Timesheet Line

You can only view rejected timesheets when the submit mode is set to **Weekly**.

1. Tap , and tap **Rejections**.
2. On **Rejections**, tap the timesheet or timesheet line you need to review.
3. Update the timesheet or timesheet line, and tap .
4. When ask to continue, tap **Yes**.

Summary

To access various **Summary** screens, tap  and tap **Summary**.

View Period Summary

1. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
2. On **Timesheet**, tap your desired date in the calendar carousel. You can also select a date from another period by tapping  or  in the calendar carousel.
3. Tap , and tap **Summary**.
4. Tap **Day** or **Job** to view the summarized information by day or job. Tapping a day in **Day** view opens the corresponding day for the current timesheet period on **Timesheet**.

Submit a Timesheet

1. Tap a period on **Weeks** or a date on **Calendar**, depending on your **Submit Mode** setting.
2. On **Timesheet**, tap your desired date in the calendar carousel. You can also select a date from another period by tapping  or  in the calendar carousel, or tapping .
3. Tap , and tap **Summary**.
4. Make user you have entered your time for this period. For **Daily** submit mode, you can only submit single days at a time from the **Timesheet** screen.
5. Tap **Submit**, and tap **Submit** to confirm.

Note:

- If there is any error, a notification screen displays. You need to tap the back button to return to the timesheet, and correct it before submitting.
- If you have rights to reopen the timesheet, the Submitted status becomes Reopen after submission. Otherwise, submitted timesheets are read-only.

Expense

View the Expense Sheet List

1. Tap , and tap **Expense Sheet**.
2. On **Expense Sheets**, tap either **Open** or **All**, and scroll through the list to view expense sheets, which are sorted descending with most recent at the top. The number of reports displayed depends on your settings. You can scroll down to get view next page. Tap an expense sheet to view details.
 - The **Open** expense sheets have the **In Progress** status and are open for editing.
 - The **All** expense sheets belong to you and allow you to edit or reopen submitted expense sheets, or reopen rejected expense sheets.

View Expense Sheet Details

1. Tap , and tap **Expense Sheet**.
2. On **Expense Sheets**, tap **Open** or **All**.
3. Tap the expense sheet you want to view.

Add an Expense Sheet

1. Tap , and tap **Expense Sheet**.
2. On **Expense Sheets**, tap .
3. On **Expense Sheet**, enter or select necessary details, and tap .

Note: You can add a project to the **Expense Sheet** screen by tapping the **Project** field, which displays the **Find Job** screen. It allows you to filter jobs by entering a job name, job number, or customer in the search field. You can also select one of the recently used jobs or a job from all jobs.

Copy an Expense Sheet

1. Tap , and tap **Expense Sheet**.
2. On **Expense Sheets**, take one of the following actions:
 - Tap and hold an expense sheet, and tap **Duplicate**.
 - Tap an expense sheet and on **Expense Sheet**, tap , and tap **Duplicate**.

Add an Expense Sheet Line

1. Tap , and tap **Expense Sheet**.
2. On **Expense Sheets**, tap the expense sheet you want to update.

3. On **Expense Sheet**, tap , and tap **New Line**.
4. On **Expense Sheet Line**, enter or select necessary details, and tap . Alternatively, you can add the expense sheet line by tapping  and tapping **New Line**.

Note:

- You need to add a project to the **Expense Sheet Line** screen by tapping the **Project** field, which displays the **Find Job** screen. It allows you to filter projects by tapping **All** or **Favorites**. You can also select one of the recently used jobs or a job from all jobs. If the selected project has a task or an activity, you must also select the task or activity by tapping the corresponding field.
- Detttek Touch displays either the **Favorites** tab only or both the **All** and **Favorites** tabs, depending on your configuration.
- These only apply to REST:
- Expense justification fields only display if a task requires a justification.
- The **Purchase Order Number** and **Purchase Order Line** fields only display if you are a subcontractor.

Delete an Expense Sheet

1. Tap , and tap **Expense Sheet**.
2. On **Expense Sheets**, scroll through the list to find the expense sheet you want to delete.
3. Take one of the following actions:
 - *This only applies to MScript.* On the same screen, swipe across the expense sheet in either direction (left-to-right or right-to-left), and tap **Delete**.
 - On **Expense Sheet**, tap the expense sheet, and tap **Delete**.

Delete an Expense Sheet Line

1. Tap , and tap **Expense Sheet**.
2. On **Expense Sheets**, tap the expense sheet line you want to delete.
3. On **Expense Sheet Line**, tap **Delete**.

- If there is any error, a notification screen displays. You need to tap the back button to return to the timesheet, and correct it before submitting.
- If you have rights to reopen the timesheet, the Submitted status becomes Reopen after submission. Otherwise, submitted timesheets are read-only.

Review a Rejected Expense Sheet

1. Tap , and tap **Rejections**.
2. On **Rejections**, tap the expense sheet you need to review.
3. Update the expense sheet, and tap .
4. When ask to continue, tap **Yes**.

Reopen an Expense Sheet

You can only reopen an expense sheet if you have rights to do so.

1. Tap , and tap **Expense Sheet**.
2. On **Expense Sheets**, tap the expense sheet you want to submit.
3. On **Expense Sheet**, tap , and tap **Reopen**. The **Submitted** status becomes **In Progress**.

Attach a Receipt

Deltek Touch allows you to either take a picture using your device's camera or select a picture from the archive or camera gallery.

Note: Receipts can either be attached to the Expense Sheet header or the Expense Sheet line (or both) depending on the setup. The said setting is controlled in the configuration file.

Using Quick Capture

This feature only applies to Maconomy 2.0 SP 5 and later.

1. Tap , and tap **Quick Capture**.
2. Tap your device's default camera button, and tap **OK**. Tap **Retry** if you want to discard the previous photo and capture a new one.
3. On **Attach Receipt**, either accept the generated receipt name or enter a new one, and tap the expense sheet to which you want it to attach. You can also create a new expense sheet by tapping  **Create New**. The newly created expense sheet name displays and is automatically selected in the list.
4. Tap **Done**.
5. On **Expense Sheet**, enter or tap necessary details, and tap .

Using Attach Receipt

1. Tap , and tap **Expense Sheet**.
2. On **Expense Sheets**, tap the expense sheet you want to update.
3. On **Expense Sheet**, take one of the following actions:
 - On the header, tap , and tap **Attach Receipt**. If you take this step, skip step 5.
 - Under **Expense Sheet Lines**, tap the expense sheet line to which you want to attach a receipt. If there is no expense sheet line, tap  then tap **New Line**.
4. On **Expense Sheet Line**, tap , and tap **Attach Receipt**.
5. On **Attach Receipt**, tap **Take Picture**, **Pick from Gallery**, or **Pick from Archive**.
6. Take one of the following actions:
 - If you tap **Take Picture**, tap your device's default camera button, and tap **OK**.
 - If you tap **Pick from Gallery**, tap the photo that you need, and tap **Use Photo**.
 - If you tap **Pick from Archive**, tap the photo that you need.
7. On **Receipt**, enter a receipt name, and tap **Done**. If you tapped **Pick from Archive**, you cannot edit the existing receipt name.
8. On **Expense Sheet Line**, enter or tap necessary details.
9. Tap .

Delete a Receipt

1. Tap , and tap **Expense Sheet**.
2. On **Expense Sheets**, tap the expense sheet that you want to update.
3. On **Expense Sheet**, tap the expense sheet line with the attached receipt you want to delete.
4. On **Expense Sheet Line**, tap **Receipt**.
5. Tap **Delete**.

Mileage

View the Mileage Sheet List

Note:

- If there is any error, a notification screen displays. You need to tap the back button to return to the timesheet, and correct it before submitting.
- If you have rights to reopen the timesheet, the Submitted status becomes Reopen after submission. Otherwise, submitted timesheets are read-only.

Review a Rejected Absence or Allowance Request

1. Tap , and tap **Rejections**.
2. On **Rejections**, tap the absence request or allowance request you need to review.
3. Update the request, and tap .
4. When ask to continue, tap **Yes**.

Approvals

This section describes tasks that are only applicable to Project Managers and Supervisors.

Note: Only users who are included in the relevant Maconomy Approval hierarchies can view any content on these screens.

As the project manager or supervisor, you can display or hide the corresponding screens of various approval types by toggling **Approvals** to **ON** on **Settings**. The available screens, however, depend on the available items to approve. If there are pending approvals, a corresponding badge displays on  and on the same line as the **Items for Approval** item.

In addition, Touch has the ability to notify you (as the assigned substitute approver) if there are items you need to approve in the absence of the original approver.

Tasks for Project Manager

Approve or Reject a Timesheet Line

1. Tap , and tap **Approvals**.
2. On **Items for Approval**, tap **Timesheet Lines**.
3. On **Timesheet Line Approval**, tap the project containing timesheet lines you need to review.
4. On the project screen with timesheet lines, take any of the following actions:
 - Tap the check mark beside the timesheet line to approve or reject individual lines.
 - Tap **Select All** to approve or reject all timesheet lines.
 - If you still want to review each timesheet line in detail, tap the line.
5. Tap , and tap **Approve**, **Undo Approve/Reject**, **Reject**, or **Message to Employee** (only displays when you tap the timesheet line).

Note: Tap  or  on the header to switch between timesheet lines. The following actions apply to all screens with the **Message to Employee** and **Reject** buttons.

- Tapping **Message to Employee** opens the default email service of your device prefilled with the email address of the employees and corresponding subject.
- Tapping **Reject** requires you to state a reason for the rejection.

Approve or Reject an Expense Sheet Line

An expense sheet can be either a normal expense or a mileage expense. The **Expense Sheet Line** and **Mileage Sheet Line** views are exactly the same, except for the layout and certain fields. If it is a mileage expense, the MILEAGE label as well as a quantity followed by “km.”

1. Tap , and tap **Approvals**.
2. On **Items for Approval**, tap **Expense Sheet Lines**.

3. On **Expense Line Approval**, tap the project containing expense sheet lines you need to approve.
4. On **Expense Sheet Lines**, take any of the following actions:
 - Tap the check mark beside the expense sheet line to approve or reject individual lines.
 - Tap **Select All** to approve or reject all expense sheet lines.
 - If you still want to review each expense sheet line in detail, tap the line.
5. Tap , and tap **Approve**, **Undo Approve/Reject**, **Reject**, or **Message to Employee** (only displays when you tap the expense sheet line).

Note:

- On **Expense Sheet Lines** or **Expense Sheet Line**, tap  or  on the header to switch between corresponding entries.
- Tap **Receipt** to view any available attachment.

Approve or Reject a Purchase Order Line

1. Tap , and tap **Approvals**.
2. On **Items for Approval**, tap **Purchase Order Lines**.
3. On **PO Line Approval**, tap the project containing purchase orders you need to approve.
4. On the purchase order screen, tap the purchase order.
5. On **Purchase Order**, take any of the following actions:
 - Tap the check mark beside the purchase order line to approve or reject individual lines.
 - Tap **Select All** to approve or reject all purchase order lines.
 - If you still want to review each line in detail, tap a purchase order line.
6. Tap  and tap **Approve**, **Undo Approve/Reject**, or **Reject**.

Note: On **Purchase Order**, tap  or  on the header to browse between purchase order lines.

Approve or Reject an Invoice Allocation Line

1. Tap , and tap **Approvals**.
2. On **Items for Approval**, tap **Invoice Allocation Lines**.
3. On **Invoice Allocation Approval**, tap the invoice allocation line that you need to approve.
 The list that displays on **Invoice Allocation Approval** depends on the option you select in **Vendor Invoice Allocation Lines** on **Settings**. Setting it to **Job and All** displays the Jobs tab with lines for approval allocated to jobs and the All Lines tab with other allocation line types for approval.
4. On **Vendor Invoices**, tap the vendor invoices containing the vendor invoice line you need to approve.

5. On **Vendor Invoice**, take any of the following actions:
 - Tap the check mark beside the vendor invoice line to approve or reject individual lines.
 - Tap **Select All** to approve or reject all vendor invoice lines.
 - If you still want to review each line in detail, tap a vendor invoice line.
6. Tap  and tap **Approve, Undo Approve/Reject, or Reject**.

Note: On **Vendor Invoice**, tap  or  on the header to switch between vendor invoice lines.

Approve or Reject a Draft Invoice

1. Tap , and tap **Approvals**.
2. On **Items for Approval**, tap **Draft Invoices**.
3. On **Draft Invoice Approval**, tap the invoice that you need to approve.
4. On **Draft Invoice**, tap  to select **Approve, Undo Approve/Reject, or Reject**.

Note:

- On Draft Invoice, tap  or  on the header to browse between invoice draft lines.
- Tap **Description** to display Draft Invoice Lines, which contains the lines of a draft invoice. Tapping a line displays **Draft Invoice Line**, which contains the details of a selected invoice line.
- Tap **Draft Invoice Print** field to view the invoice draft in PDF format.

Tasks for Supervisors

Approve or Reject a Timesheet

The **Timesheet Approval** screen contains timesheets submitted by employees for whom you are the approver.

1. Tap , and tap **Approvals**.
2. On **Items for Approval**, tap **Timesheets**.
3. On **Timesheet Approval**, tap the timesheets you want to review.
4. On **Timesheet**, view the summary for each timesheet by **Job** or **Day**.
 - Tapping an entry on the **Job** summary displays the **Entries by Job** screen.
 - Tapping an entry on the **Day** summary displays the **Entries by Day** screen.
5. Tap , and tap **Approve, Undo Approve/Reject, Reject, or Message to Employee**.

Note:

- If you want to switch between timesheets, tap  or  on the header.
- If you still want to review each timesheet detail, tap a timesheet entry. On **Entries by Day**, you can tap an entry to view the **Timesheet Line** screen.

Approve or Reject an Expense Sheet

1. Tap , and tap **Approvals**.
2. On **Items for Approval**, tap **Expense Sheets**.
3. On **Expense Sheet Approval**, tap the expense sheet you need to approve.
4. On **Expense Sheet** (or **Mileage Sheet**), tap , and tap **Approve**, **Undo Approve/Reject**, **Reject**, or **Message to Employee**.

Note:

- If you want to switch between expense sheets, tap  or  on the header.
- If you still want to review each expense sheet (or mileage sheet) in detail, tap a line. Tap  after your review.
- Tap **Receipt** if you want to view any available attachment.

Approve or Reject an Purchase Order

1. Tap , and tap **Approvals**.
2. On **Items for Approval**, tap **Purchase Orders**.
3. On **PO Approval**, tap the purchase order you need to approve.
4. On **Purchase Order**, tap , and tap **Approve**, **Undo Approve/Reject**, or **Reject**.

Note:

- If you want to switch between purchase orders, tap  or  on the header.
- If you still want to review each purchase order in detail, tap a timesheet entry. On **Entries by Day**, you can tap an entry to view the **Timesheet Line** screen.

Approve or Reject a Vendor Invoice

1. Tap , and tap **Approvals**.
2. On **Items for Approval**, tap **Vendor Invoices**.
3. On **Vendor Invoice Approval**, tap the vendor invoices you need to approve.

4. On **Vendor Invoice**, tap , and tap **Approve**, **Undo Approve/Reject**, or **Reject**.

Note:

- If you want to switch between vendor invoices, tap  or  on the header.
- If you still want to review each vendor invoice in detail, tap a timesheet entry. On **Entries by Day**, you can tap an entry to view the **Timesheet Line** screen.

Settings

Modify Server URL

Configure Deltek Touch Settings

1. Tap , and tap **Settings**.
2. You can modify the following:

General

| Option | Description |
|-----------------|---|
| Username | To change the current user, tap Forget Me on this Device, and log on again. |
| Open In | Tap the field, and tap the default screen that you want to display when you open Deltek Touch. For 2.2 and 2.1, tap Timesheet, Items for Approval, Expense Sheet, Quick Capture, Mileage Sheet, or Summary. For 2.0, tap Timesheet, Expense Sheet, Quick Capture, Mileage Sheet, or Summary. For X1, tap Timesheet or Summary |

| Option | Description |
|-------------------------------------|---|
| Submit Mode | This field displays which mode is used in submitting the timesheet. It displays either Daily (allows you to submit single days at a time) or Weekly (allows you to submit the entire week). |
| Usage Tracking | Slide to turn on or off usage tracking using Google Analytics. When enabled, Google Analytics receives information about your use of Deltek Touch (for example, the number of times you access the application and submit timesheets). Deltek uses this information to determine what features are being used in the application. No confidential information (such as projects, clients, or usernames) is tracked. This anonymous information is only available to Deltek and is not publicly available. |
| Week Start | This field only displays when Submit Mode is set to Daily . Tap to select whether the weeks on the Calendar and Timesheet screens start on Sunday or Monday. |
| Use Week Numbers | For REST, this setting is only available when Submit Mode is set to Weekly . Slide to turn on or off. Setting it to ON displays the week number on the Weeks , Timesheet , and Summary screens. |
| Keep on Timesheet as Default | Slide to turn on Keep on Timesheet as Default by default on the Add Project screen. Turning this on means that the Keep on Timesheet switch on the Timesheet Line screen is turned on by default when adding a new line. |
| Registration Unit | This field only displays when Submit Mode is set to Weekly . Tap the field, and tap a minute interval of the time picker. |
