

**Deployment Date: 4/26/2018**

**Hot Fix: cp711\_patch3439\_001.zip**

## **MATERIALS/PRODUCTION CONTROL/PCMMOMNT/Enter Manufacturing Orders**

### **Deltek Defect Tracking Number:**

903338

### **Issues Resolved:**

**Description:** This application has been changed to allow manufacturing order (MO) requirement quantities to be less than the manufacturing bills of material (MBOM) quantities as long as the requirement quantities are not below the needed quantities in the Manufacturing Execution System (MES) routing components. This will allow MES users to make order alterations where the MES routing components are less than the MBOM component quantities, as well as allow order alterations where MO requirements are not restricted to the original work plan/MBOM combination.

**Customers Impacted:** This change affects users who make order alterations.

**Workaround Before Fix:** None.

**Additional Notes:** This change requires PATCH3439.

### **Files Updated:**

Patch3439.sql

### **System File Dependencies:**

cp711\_sys\_040.zip

### **Custom Programs Affected:**

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

### **To Download the Hot Fix:**

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

### **More Information:**
