Deployment Date: 5/17/2016

Hot Fix: cp711_pommain_018.zip

MATERIALS/PURCHASING/POMMAIN/Enter POs

Deltek Defect Tracking Number:

584182

Issues Resolved:

Description: When you right-clicked on the purchase order (PO) header to load a PO account and clicked **Save**, all PO lines were changed instead of marking the updated PO lines with a checkmark.
Customers Impacted: This defect affects you if you use the Costpoint Purchasing module.
Workaround Before Fix: None.
Additional Notes: None.

Files Updated:

cp711_pommain_018.jar

MATERIALS/PURCHASING/POMMAIN/Enter POs

Deltek Defect Tracking Number:

600449

Issues Resolved:

Description: In the Web Integration Console (WIC), when you created a purchase order (PO) with multiple account allocations, the value of the **Amount** column did not follow what was specified in the XML file. The **Allocations** were also set to 100.00% for all account lines.
Customers Impacted: This defect affects you if you use the Costpoint Purchasing module.
Workaround Before Fix: Manually edit the value or create PO via the Manage Purchase Orders (POMMAIN) screen.
Additional Notes: None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

More Information:
