PEOPLE/EMPLOYEE/HBMEDEP/Employee Dependents_Beneficiaries

Deltek Defect Tracking Number:

592843

Issues Resolved:

Description: When you deactivate a dependent on the Manage Employee Dependent/Beneficiaries screen (HBMEDEP), the application deleted any historical data for that dependent on Assign Dependents to Benefit Plans screen (HBMADEP). As a result, you did not have all dependent benefit information for Affordable Care Act (ACA) reporting.

Customers Impacted: This defect affects Costpoint users who create ACA reports.

Workaround Before Fix: Keep the dependent active but add an end date for the benefit plans. The dependent will display as a selection in Employee Self-Service.

Additional Notes: None.
