Deployment Date: 9/29/2011

Budgeting and Planning 6.0.8 Hot Fix: DeltekBudgetingAndPlanning608CumulativeHotFix02

Application (Budgeting and Planning)

Deltek Defect Tracking Number:

170764

Issues Resolved:

Description: A voucher number is duplicated on the Project Non-Labor Detail report due to a null name value in the report.

Impact: The expenses were inflated due to the duplicate voucher.

Workaround: None.

Additional Notes/Comments: None.

Files Updated:

DeltekBudgetingAndPlanning608CumulativeHotFix01.exe

Application (Budgeting and Planning)

Deltek Defect Tracking Number:

171382

Issues Resolved:

Description: In the Org Outlook, when new outlooks are created for revenue bearing orgs, the actuals are not being pulled in at the roll-up org level.

Impact: Clients cannot review org level data.

Workaround: None.

Additional Notes/Comments: None.

Application (Budgeting and Planning)/Organization/Cost Analysis

Deltek Defect Tracking Number:

171837

Issues Resolved:

Description: The Non-Labor Analysis report (C.O.N.2) is not reporting any data.

Impact: Clients cannot analyze non-labor costs.

Workaround: None.

Additional Notes/Comments: None.

Application (Budgeting and Planning)/Organization/Budget Development

Deltek Defect Tracking Number:

179424

Issues Resolved:

Description: An error occurs when initializing the org budget.

Customers Impacted: Clients are unable to enter org budgets.

Workaround Before Fix: None.

Additional Notes: None.

Application (Budgeting and Planning)/Project/Cost Analysis

Deltek Defect Tracking Number:

170031

Issues Resolved:

Description: In the T&M Labor Analysis report (C.P.A.10), the PLCs are missing on the current contracts.

Impact: The PLC data is not being grouped properly.

Workaround: None.

Additional Notes/Comments: None.

Application (Budgeting and Planning)/Project/New Business and Proposals

Deltek Defect Tracking Number:

175481

Application (Budgeting and Planning)/Project/Budget Development

Deltek Defect Tracking Number:

180052

Data Import and Integration

Deltek Defect Tracking Number:

180037

Data Import and Integration/Costpoint

Deltek Defect Tracking Number:

178395

Issues Resolved:

Description: The refresh process fails in src00_process_010a_Build_eSUB_PD_Headers because a year in the table is 1899. The current date format only handles dates between 1900 and 2079.

Customers Impacted: Clients importing data before with dates prior to1900 in version 6.0.

Workaround Before Fix: None.
Additional Notes: None.

Data Import and Integration/GCS

Deltek Defect Tracking Number:

179788

Issues Resolved:

Description: Holding rate values were not being stored in the database table (SRC00_POOL_RT_TABLE) after period 6 in the subperiod table (eSUB_PERIOD). **Impact**: Without rates, the indirect expenses are not calculated and revenue and fees are not presented correctly. This affects GCS clients only.

Workaround Before Fix: None.

Additional Notes: None.

Data Import and Integration/GCS

178006

Issues Resolved:

Description: The refresh performed during the SRC02_Process_Build_13a_ePROJ_BURD_SUM process is failing due to a numeric truncation.

Customers Impacted: This impacts 6.0 customers.

Workaround Before Fix: None.

Additional Notes: The field size was increased in the temporary table.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

More Information:

If you have any questions, please contact Deltek support at https://deltek.custhelp.com.
