

Deployment Date: 6/1/2018

Hot Fix: cp711_cmnlb_CTLIB_006.zip

CG/CN/CTMCNTR/Manage Contracts

[Deltek Defect Tracking Number:](#)

851699

[Issues Resolved:](#)

Description: Costpoint did not automatically populate the Supplier/Vendor Rating tab of Manage Contracts with supplier/vendor ratings that were completed in Manage Subcontracts for the subcontract record that is linked to the contract ID.

Customers Impacted: This defect affects users of Contract Management.

Workaround Before Fix: None.

Additional Notes: None.

CG/CN/CTMSBCNTR/Manage Subcontracts

[Deltek Defect Tracking Number:](#)

929221

[Issues Resolved:](#)

Description: The following changes have been made on this screen:

- On the General tab, the lookup of the Subcontractor Administrator field has been updated to return only employees with a status of Active. You can still search for employees with a status other than **Active** using the Status option available as a query condition on the Query tab of the Query dialog box for this field.
- Still on the General tab, the lookup of the Subcontractor/Vendor ID field has been revised to return only vendors with a status of Active or Give Warning. Status has also been added as a query condition on the Query tab of the Query dialog box for this field so you can search for inactive vendors.
- On the Activities subtask, the lookup of the Activity Owner field has been revised to return only employees with a status of Active. Status has also been added as a query condition on the Query tab of the Query dialog box for this field so you can search for employees with a status other than **Active**.

You can still manually enter employees/vendors with a status other than Active or Give Warning in these fields despite the update in the lookup.

Customers Impacted: This change affects users of Contract Management.

Workaround Before Fix: None.

Additional Notes: None.

CG/OP/CTMOPP/Manage Opportunities

[Deltek Defect Tracking Number:](#)

929201

[Issues Resolved:](#)

Description: The following changes have been made on this screen:

- The lookup of the following fields has been updated to return only employees with a status of Active. Status has also been added as a query condition on the Query tab of the Query dialog box for these fields so you can search for employees with a status other than **Active**.
 - Business Unit Lead field on the General tab
 - Notify field on the RFP Info tab
 - Employee field on the Opportunity Employee Team and Potential Work Force Employees subtasks
 - Activity Owner field on the Activities subtask
- On the Opportunity Teammates subtask, when you select Subcontractor from the Prime/Subcontractor drop-down list, the lookup of the ID field now returns only vendors with a status of Active or Give Warning. Status has also been added as a query condition on the Query tab of the Query dialog box for this field so you can search for inactive vendors.
- On the Vendor Employees subtask of the Opportunity Teammates subtask, the lookup of the Vendor Employee ID field has been updated to return only vendor employees with a status of Active. Status has also been added as a query condition on the Query tab of the Query dialog box for this field so you can search for inactive vendor employees.

Customers Impacted: This change affects users of Contract Management.

Workaround Before Fix: None.

Additional Notes: The lookup for prospective vendors, vendor employees of prospective vendors, and prospective customers is not affected by this change.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

More Information:

If you have any questions, please contact Deltek support at <https://deltek.custhelp.com>.
