

Deployment Date: 9/15/2015

Hot Fix: cp711_sys_010.zip; cp711_patch2722_001.zip

PJ/BP/BPMPBETC/Maintain Project Budgets and ETC

Deltek Defect Tracking Number:

520544

Issues Resolved:

Description: The **Multiplier** value was rounded off when the **Compute Profit on COM** check box was clear and you changed **Labor Multiplier Method**. **Customers Impacted:** This defect affects Costpoint users who use Advanced Project Budgets. **Workaround Before Fix:** None. **Additional Notes:** A new group box, **On Change of Multiplier and/or Multiplier Method**, has been added to the Manage Project Budgets and ETC screen. The options in this group box determine whether or not the **Multiplier** field on the Direct, Labor, and Units subtasks will be updated when you click the **Recalculate** button on the Total Budget tab if either **Target Multiplier** or **Multiplier Method** is changed in the **Subtask Multiplier Info** group box of the Info tab. See the online help for more information.

N/A

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
