

**Deployment Date: 2/27/2017**

**Hot Fix: cp711\_blrmbil\_016.zip; cp711\_patch3160\_001.zip**

### **PJ/BL/BLRMBIL/Print Standard Bills**

**Deltek Defect Tracking Number:**

747967

**Issues Resolved:**

**Description:** When a standard billing text footer was too long to fully fit at the bottom of a page, the footer was split between pages rather than the entire text block being pushed to the next page. For clients using the footer as a certification message/signature block, this can result in the certification on one page and the signature line on the next page.

**Customers Impacted:** This defect affects Costpoint users.

**Workaround Before Fix:** Edit the bill in an alternate software product, if available, to keep the footer intact on one page.

**Additional Notes:** This requires PATCH3160.
