

**Deployment Date:** 8/23/2019

**Hot Fix:** cp711\_hpmeds\_007.zip

## PEOPLE/EMPLOYEE/HPMEDS/Education Skills and Training Data

**Deltek Defect Tracking Number:**

1150237

**Issues Resolved:**

**Description:** The application should allow you to update the **Number of Years** field on queried records.

**Customers Impacted:** This defect affects Costpoint Employee users.

**Workaround Before Fix:** None.

**Additional Notes:** This affects Costpoint - Deltek Talent Management users who import/export employee skills information. The Deltek Talent Management system does not track the data for **Number of Years** field. When you import employee skills information to Costpoint, the integration assigns a default value of 0 to the **Number of Years** field. Integration users must have the ability to update the **Number of Years** after importing employee skills from Talent Management. Non-Deltek Talent Management users will also benefit from this since the number of years that an employee has had experience with a skill can always increase.

**Files Updated:**

cp711\_hpmeds\_007.zip

**System File Dependencies:**

cp711\_sys\_051.zip

**Custom Programs Affected:**

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

**To Download the Hot Fix:**

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.

**More Information:**
