**Description:** In Web Integration Console (WIC), you encountered the following error when you created a manufacturing order (MO) that included a reference part: "This part is a non-inventory part. An Inventory Abbreviation is required for this part."

**Customers Impacted:** This defect affects you if you use the Costpoint Production Control module.

**Workaround Before Fix:** Create MO via front end with Validation Frequency = Field.

**Additional Notes:** The error disappears when Required Qty = 0

### PJ/SM/SMMSETNG/Configure Subcontractor Management Settings

#### Deltek Defect Tracking Number:

591308

#### Issues Resolved:

**Description:** Several updates have been made to the Configure Subcontractor Management Settings screen, as follows:

- The Charging Rules group box has been renamed to Charging Validation Rules in T&E.
  - Under this group box, some fields have been reordered.
  - The following fields have been removed: Allow Entered Hours over Charge Line/Vendor Employee Hours and Allow Charges over Charge Line/Vendor Employee Amount.
- The Validation of Vendor Employee Security Status Against PO group box has been renamed to Validation of Vendor Employee Security Status Against Work Assignment.
- The Subcontractor Invoice Options group box has been renamed to Subcontractor Invoice.
  - Under this group box, the Options group box has been added to contain the already existing Allow Edit of Invoice Rate and Require Subcontractor Approval options.
  - The If no WA rate exists for 3-way match, first use group box has been moved to this group box.
- A new group box, Create Subcontractor Invoices, is added to contain the rules that the Create Subcontractor Invoices process will use for validation and the default unallowable accounts.

**Customers Impacted:** These changes affect users of the Subcontractor Management module. **Workaround Before Fix:** None. **Additional Notes:** Changes have also been made to the Business Rules tab of the Manage Work Assignments application to reflect the updates to Configure Subcontractor Management Settings.
