MATERIALS/PURCHASING/POQSTAT/PO Status Inquiry

Deltek Defect Tracking Number:

725993

Issues Resolved:

Description: When you upgraded Costpoint from 6.1 to 7.1.1, the View Purchase Order Status application (POQSTAT) hid serial number (SN) information for receipts with serial tracked parts in the serial/lot info result set.
Customers Impacted: This affects Costpoint users.
Workaround Before Fix: None.
Additional Notes: This appears to happen for receipts created prior to the upgrade. New receipts for similar parts show the SN in the serial/lot info result set.
