## PJ/SM/SMMSETNG/Configure Subcontractor Management Settings

Deltek Defect Tracking Number:

1203373

Issues Resolved:

**Description:** Costpoint allowed the charge line to exceed the PO line value even when the **Allow Charge line to exceed PO Line value** option selected was **Error**.

**Customers Impacted:** This defect affects Costpoint users.

**Workaround Before Fix:** None.

**Additional Notes:** A new check box, **Over to Unallow**, has been added to each of the options in the **Validation Rules** group box of this screen. This check box is enabled only if its corresponding option is cleared. If you select this check box, Costpoint will post to the unallowable accounts any or all of the following:

- hours exceeding the charge line/vendor employee hours
- charges exceeding the charge line/vendor employee amount
- charges outside the work assignment period of performance

If the **Over to Unallow** check box is not selected when it is enabled, the amounts over the work assignment will not be invoiced but will display on an exception report that will print with the invoice.
