

Deployment Date: 8/19/2019

Hot Fix: cp711_spmspact_007.zip

MATERIALS/SP/SPMSPACT

[Deltek Defect Tracking Number:](#)

1148850

[Issues Resolved:](#)

Description: On the Manage Supplier Actions screen, the preview and print buttons did not work as designed.

Customers Impacted: This defect affects buyers and suppliers using the Supplier Portal.

Workaround Before Fix: Print the PO, save as pdf, attach the report to the PO via computer managed instructions (CMI), and the suppliers can then download it.

Additional Notes: You can preview or print the PO(s) for the selected/highlighted PO Line(s) on the Manage Supplier Actions screen while in Form or Table view. You can only print POs that are visible on the Manage Supplier Actions screen. Upon closing the print/preview, the screen returns to the previous screen with the same records highlighted or selected. The printed PO from this screen is only a draft copy, and will not set the PO as printed on the Manage Purchase Orders screen.

[Custom Programs Affected:](#)

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
