#### **MATERIALS/INVENTORY/INPPHYS/Set Up Physical Count**

Deltek Defect Tracking Number:

753838

Issues Resolved:

**Description:** Physical counts went past due based on ABC class.

**Customers Impacted:** This defect affects Costpoint users.

**Workaround Before Fix:** Manually identify past due parts and add them to an active cycle count.

**Additional Notes:** 2016 was a leap year, hence, the extra day, so the due date would be one day less going forward, if the last count was in 2015. The next leap year is in 2020.
