**Hot Fix: cp711\_prpsexli\_003.zip**

**PEOPLE/PAYROLL/PRPSEXLI/Set Excess Life Deductions**

Deltek Defect Tracking Number:

874477

Issues Resolved:

**Description:** Reverse changes that were released in October 2017 to prorate the cost of Excess Life for partial months of coverage. The changes caused incorrect Excess Life deduction amounts if the employee received a salary increase after the 1st of the year. This version will not prorate for partial months. The ability to prorate for partial months is currently being reworked and will be released in the near future.

**Customers Impacted:** Payroll clients that use Costpoint's Update Excess Life Deductions application

**Workaround Before Fix:** Correct deduction amounts after running the utility
