Deltek Defect Tracking Number:

497378

Issues Resolved:

Description: When you clicked the **Lookup** button in the **Location** field on the Serial/Lot subtask, Costpoint returned no results. Leaving the field blank resulted in the following error message: "Rejection Location is required." In addition, when you tried to manually enter an **On Hold** location, Costpoint displayed the following error message: "No matching value could be found in the database for the following field: Rejection Location."

Customers Impacted: This affects Costpoint 7.1.1 users who use the Receiving module.
