## Overview

Welcome to the Deltek + ComputerEase 20.4.0 Release Notes. These release notes contain a summary of the changes and enhancements made to the software.

### Subcontracts

- Added the ability to delete multiple subcontracts at once

### Payroll

- Added the ability to track NY PFL
- Added a loop error message in local tax table maintenance if loop detected in “Also Pay”
- Corrected a possible issue with invalid text in certified payroll text when creating a new company
- Updated the ACA forms and export for 2020
- Voided checks will no longer send via email when emailing check stubs
- Updated the ACA Offer of Coverage and Safe Harbor codes
- Updated the federal and state tax tables for 2021 where applicable
- Updated the 2021 SUTA wage limits for applicable states
- Updated the MD SUTA file specs
- Added the ability to track CT PFML (begins 1/1/2021)

### Accounts Payable

- Added the ability to print on the 1099-NEC and 1099-INT
- Added the ability to separate PO sales tax on XML import
- The integration with Comdata has been updated to use the new file format (PS20/21)
- Corrected an issue where a user could void a check that was open for editing (possibly resulting in void changes being overwritten)

### General

- Added the ability to use calculated dates/periods for report books
- Corrected an issue where exporting multiple groups to FieldEase would sometimes display a short dialog box (but exports correct info)
- Corrected missing error text when users are logged in
- Added the ability to use the plus (“+”) key on report date prompts that ask for the year to advance by one
- All errors per row now display in flat-file imports (rather than each error incrementally)

### Purchasing & Inventory

- Changed the PO Balance report to update the invoice date when an invoice is edited

## **Service Management**

- Corrected a possible error when right-clicking on an unscheduled work order and choosing “view/edit equipment”
- Corrected an issue where some attachments do not open from the Search Center in cloud
- Corrected an issue with work orders created in FieldEase not appearing in all dispatch boards
