PJ/BL/BLRMBIL/Print Standard Bills

[Deltek Defect Tracking Number:](#)

[Issues Resolved:](#)

Description: Print Standard Bills does not allow printing of detail tax information with cost subtotal, tax subtotal, and final bill total. Currently, users can print detail tax information with no subtotal, or else print rolled-up tax information with the invoice subtotal.

Customers Impacted: This defect affects users who need to print detailed tax information, plus cost and tax subtotals in addition to the final invoice total.

Workaround Before Fix: Print two copies of the bill, one with detail tax information and one without, or print to PDF and manipulate the PDF file to add the additional subtotal.

Additional Notes: None.
