CG/OP/CTMOPP/Manage Opportunities

Deltek Defect Tracking Number:

929201

Issues Resolved:

Description: The following changes have been made on this screen:

- The lookup of the following fields has been updated to return only employees with a status of Active. Status has also been added as a query condition on the Query tab of the Query dialog box for these fields so you can search for employees with a status other than

Active.
- o Business Unit Lead field on the General tab
- o Notify field on the RFP Info tab
- o Employee field on the Opportunity Employee Team and Potential Work Force Employees subtasks
- o Activity Owner field on the Activities subtask
- On the Opportunity Teammates subtask, when you select Subcontractor from the Prime/Subcontractor drop-down list, the lookup of the ID field now returns only vendors with a status of Active or Give Warning. Status has also been added as a query condition on the Query tab of the Query dialog box for this field so you can search for inactive vendors.
- On the Vendor Employees subtask of the Opportunity Teammates subtask, the lookup of the Vendor Employee ID field has been updated to return only vendor employees with a status of Active. Status has also been added as a query condition on the Query tab of the Query dialog box for this field so you can search for inactive vendor employees.

Customers Impacted: This change affects users of Contract Management.**Workaround Before Fix:** None.**Additional Notes:** The lookup for prospective vendors, vendor employees of prospective vendors, and prospective customers is not affected by this change.
