PJ/BL/BLRMBIL/Print Standard Bills

Deltek Defect Tracking Number:

1025627

Issues Resolved:

Description: An employee record was not grouped with the other records for the employee with the same project labor category (PLC) when its journal entry (JE) number was different from the JE number of other employees with a different PLC. This issue occurred when there were several JEs with the same employee and PLC, and you manually modified the PLC rates on the Manage Open Billing Detail screen.**Customers Impacted:** This defect affects Costpoint users.**Workaround Before Fix:** None.**Additional Notes:** None.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
