PEOPLE/LEAVE/LDPLHF/Post Leave Accruals

Deltek Defect Tracking Number:

845052

Issues Resolved:

Description: The Accrued Amount was not updated correctly if the Employee Leave Beginning Balance record did not exist for the employee and leave type combination before posting leave. Upon creating the missing Employee Leave Balance record, the Accrued Hours for the period being posted were put into the Beginning Balance columns of the table.

Customers Impacted: This impacts Leave users.

Workaround Before Fix: Before posting leave, create an Employee Leave Beginning Balance record for employees that don't have one.

Additional Notes: None.
