

**Deployment Date: 4/26/2018**

**Hot Fix: cp711\_sys\_040.zip; cp711\_ecrimpct\_010.zip**

**MATERIALS/ENGINEERING CHANGE NOTICES/ECRIMPCT/Print ECN Impact Report**

Deltek Defect Tracking Number:

909296

Issues Resolved:

**Description:** When you selected **One** as range option for project, and then entered an inventory project and tabbed out, you encountered an error message stating that your user ID does not have access to the project's owning organization linked to the starting inventory project. In addition, you were able to see all ECNs instead of just the ECNs authorized for your logged-in user ID.

**Customers Impacted:** This defect affects Costpoint users that have organization security enabled for the ECN module.

**Workaround Before Fix:** None.

**Additional Notes:** The application has been updated to remove the object validation for projects, and to display only ECNs that are authorized for the logged-in user when using ECN lookup.

Files Updated:

cp711\_sys\_040.zip

cp711\_ecrimpct\_010.zip

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at <https://deltek.custhelp.com> before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to <https://dsm.deltek.com>.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
