PEOPLE/BENEFITS/HBP109XC/Create 1094-C and 1095-C Data

Deltek Defect Tracking Number:

583912

Issues Resolved:

Description: The Affordable Care Act 1095-C information should have a value of **1H** (No offer of coverage) in the Line 14 (Offer of Coverage) for any month that the employee was not employed during the calendar year. If an employee was hired or terminated in the middle of the year, the application did not assign **1H** to Line 14 in months that they were not employed.

Customers Impacted: This defect affects Costpoint Benefits users.

Workaround Before Fix: In the Manage 1095-C Data screen, query the records of affected employees and manually enter **1H** to Line 14 of applicable months.

Additional Notes: You need to run Store Employee Benefit Options Offered process before running Create 1095-C and 1094-C Data process.

PEOPLE/BENEFITS/HBP109XC/Create 1094-C and 1095-C Data

Deltek Defect Tracking Number:

586524

Issues Resolved:

Description: The application should assign code **2D** in the Line 16 **Applicable Section 4980H Safe Harbor** fields of the following employees:

- New-hire FTE employees that are in a measurement, administrative, or enrollment period in the month and are ultimately offered minimum value benefits by the first day of the first month following the end of the enrollment period
- New-hire full-time employees that are in a waiting period during the month being reported and ultimately offered minimum value benefits by the first day of the first month following the end of the waiting period

Customers Impacted: This defect affects Costpoint Benefits users.

Workaround Before Fix: None.

Additional Notes: None.

PEOPLE/BENEFITS/HBP109XC/Create 1094-C and 1095-C Data

Deltek Defect Tracking Number:

589954

Issues Resolved:

Description: When the Salary Information History record effective date contains the second day of the month (for example, 4/2/15 or 6/2/15), the Create 1094-C and 1095-C Data screen applies **1H** (No offer of coverage) in that month instead of indicating that the employee was fully covered for the year.

Customers Impacted: This defect affects Costpoint Benefits users.

Workaround Before Fix: None.

Additional Notes: This issue occurs not because of the effective date being the second day of the month, it occurs when the end date is the first day of any month.
