Hot Fix: cp711_hbmadep_002.zip; cp711_patch2865_001.zip

PEOPLE/EMPLOYEE/HBMADEP/Assign Dependents to Benefit Plans

Deltek Defect Tracking Number:

570724

Issues Resolved:

Description: The application did not store historical data in the Assign Dependents to Benefit Plans (HB_EMPL_MED_DEP) table because the primary key was Employee ID (EMPL_ID)/Dependent ID (DEP_ID)/Benefit Plan Code (BEN_PLAN_CD). The application should store the historical data for the Affordable Care Act (ACA) reporting purposes.

Customers Impacted: This defect affects Costpoint users who create ACA reports.

Workaround Before Fix: None.

Additional Notes: This requires Costpoint 7.0.1 PATCH2864 and Costpoint 7.1.1 PATCH2865. You must check your Dependent Benefit Coverage start dates and ensure that they are populated before running the patch. If you encounter issues with applying the patch, verify if the records on the HB_EMPL_MED_DEP table contain values in the **Start Coverage Date** field (start_cvg_dt).
