Deployment Date: 9/4/2017

Hot Fix: cp711_memprop_005.zip

MATERIALS/MATERIALS ESTIMATING/MEMPROP/Maintain Proposal Master

Deltek Defect Tracking Number:

795519

Issues Resolved:

Description: When you entered a non-existent part in the **End Item** field, you encountered an error and you were unable to access the Create Provisional Part subtask without deleting the entry in the field.
Customers Impacted: This defect affects Costpoint users.
Workaround Before Fix: When error message is encountered, delete the **End Item** value, then go to the Create Provisional Part Subtask and create the provisional part.
Additional Notes: This information should show: You cannot access the Create Provisional Part subtask when no invalid value is entered in the **End Item** field.

MATERIALS/MATERIALS ESTIMATING/MEMPROP/Maintain Proposal Master

Deltek Defect Tracking Number:

812892

Issues Resolved:

Description: The Yield percentage (%) rate did not default from provisional part tables yield percentage rate when you added provisional part to the line. It defaulted instead to 100% and an error was displayed. This prevented you from saving provisional part in a proposal.
Customers Impacted: This defect affects Costpoint users who want to add provisional part to a proposal.
Workaround Before Fix: None.
Additional Notes: None.

MATERIALS/MATERIALS ESTIMATING/MEMPROP/Maintain Proposal Master

Deltek Defect Tracking Number:

812893

Issues Resolved:

Description: when you used provisional part in a proposal, the field validation returned an error on the size of the yield column.
Customers Impacted: This defect affects Costpoint users who want to add provisional part to a proposal.
Workaround Before Fix: None.
Additional Notes: This error did not occur when you used standard part.

Custom Programs Affected:

Sometimes a hot fix can cause custom programs and reports to stop working as expected. Before applying this hot fix, consider whether you have any custom programs or reports in the application area affected by the hot fix. If so, contact Deltek support at https://deltek.custhelp.com before you install the hot fix.

To Download the Hot Fix:

1. From Internet Explorer, go to https://dsm.deltek.com.
2. Click Run Deltek Software Manager.
3. Log in using your Deltek Customer Care Connect credentials.
4. In the left pane of the Deltek Software Manager, expand your Deltek product.
5. Expand the Hotfix folder for your product, and select the hotfix to download.
6. Click Download at the bottom of the screen.
